Dedication

To Captain Carl E. Driggers, D. O. L., P. M. S. & T., we, the class of 1932, affectionately dedicate our book, because under his leadership Morgan Park has attained the coveted goal which for so long she has sought; that of being picked as an Honor School by the War Department of the United States Government. His ever constant loyalty to this institution, and his wonderful influence has attracted the admiration of every Morgan Park Cadet.

Foreword

In this, The 1931 Skirmisher, the staff has tried to mirror the events of the past year by means of photography. If this idea is fully conveyed to the reader and if this book once more brings back fond memories of the year 1930-1931, we will feel the labor well worth the time spent.

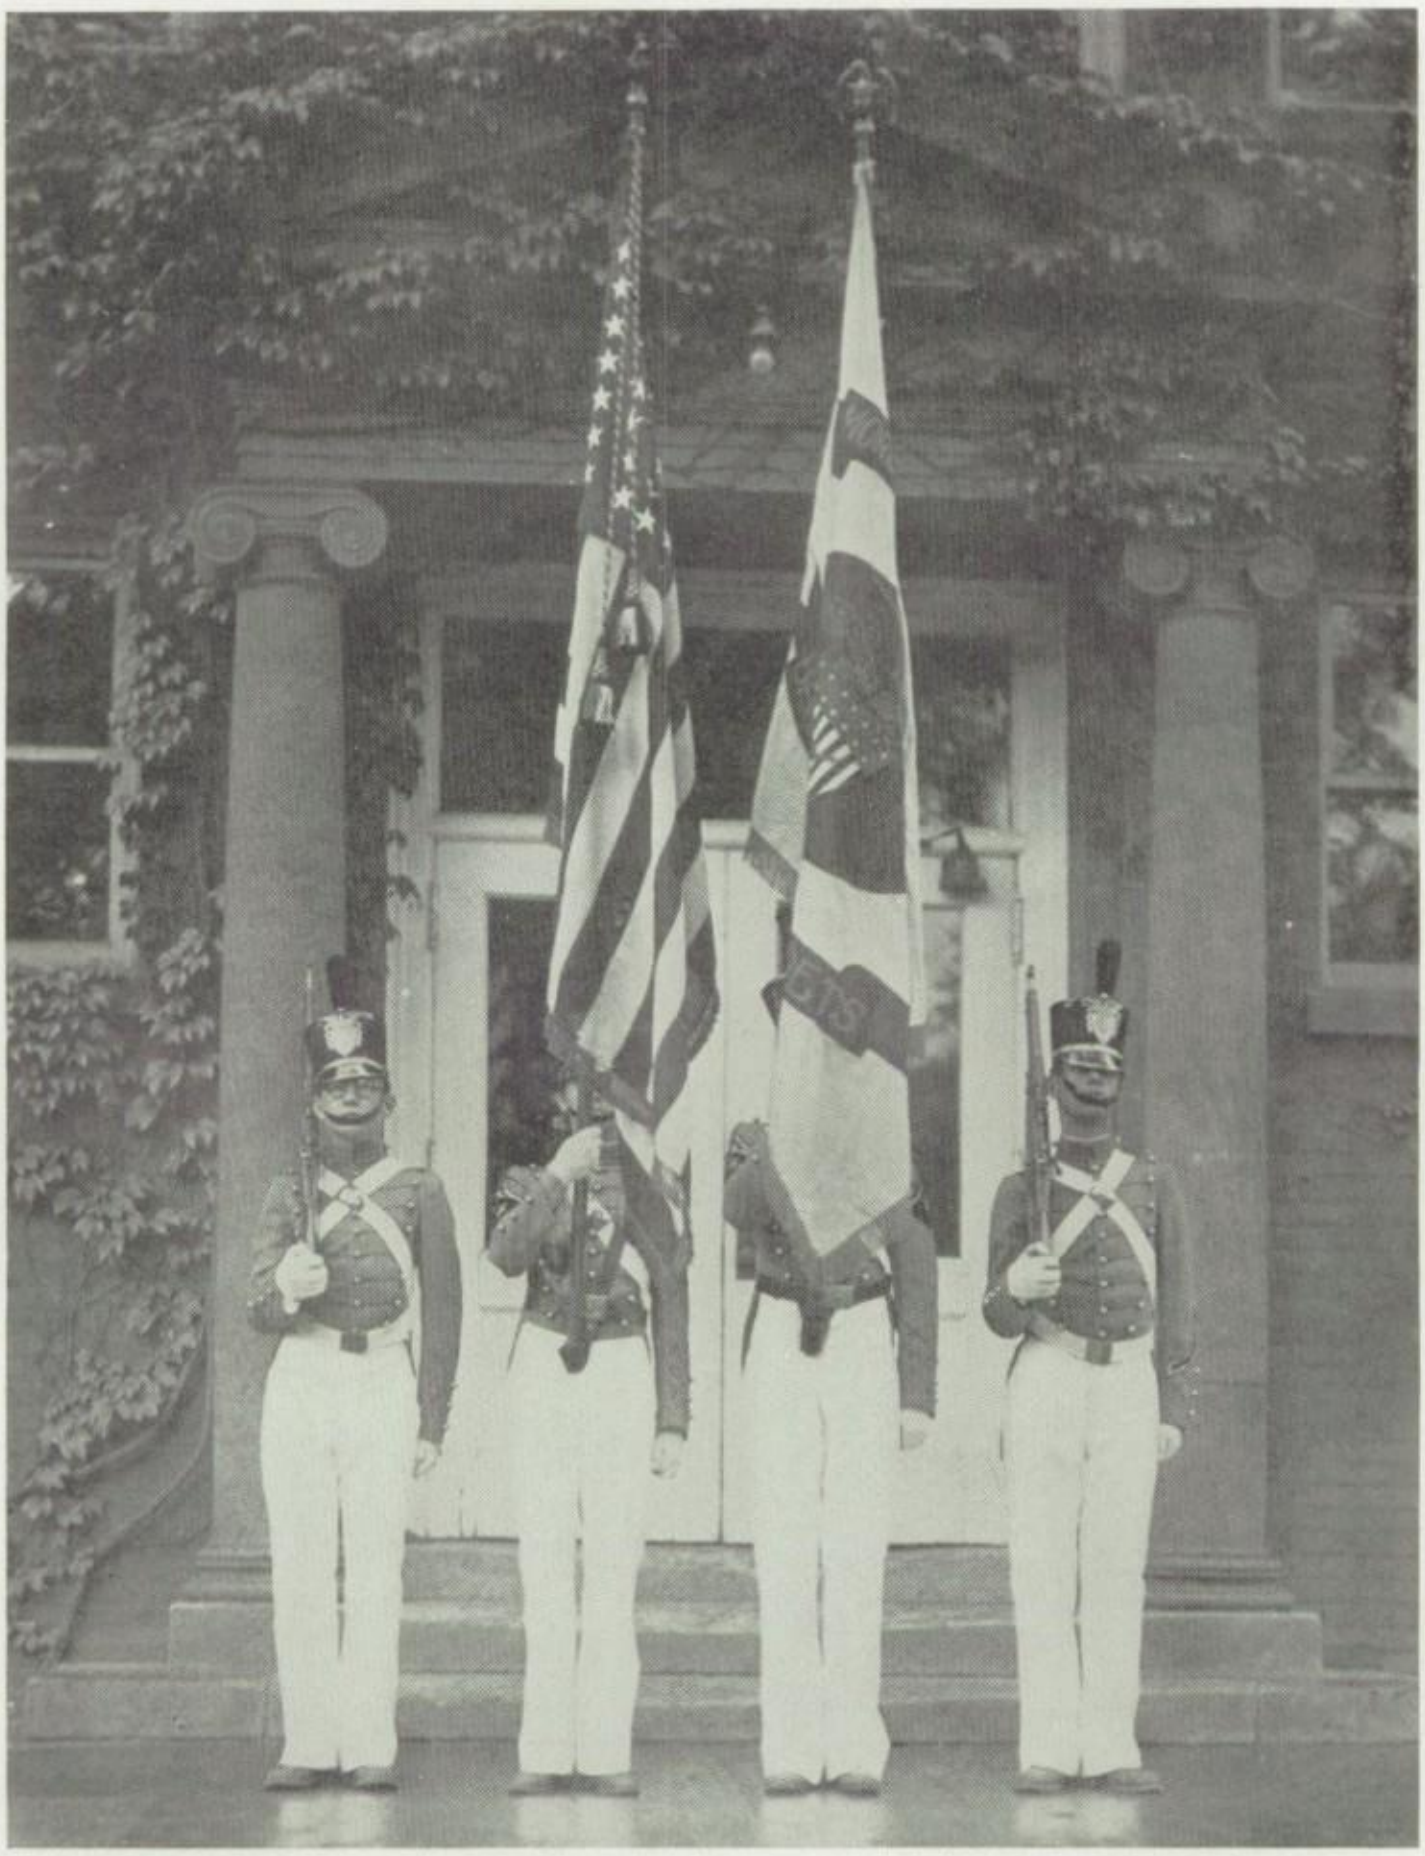
IN MEMORIAM

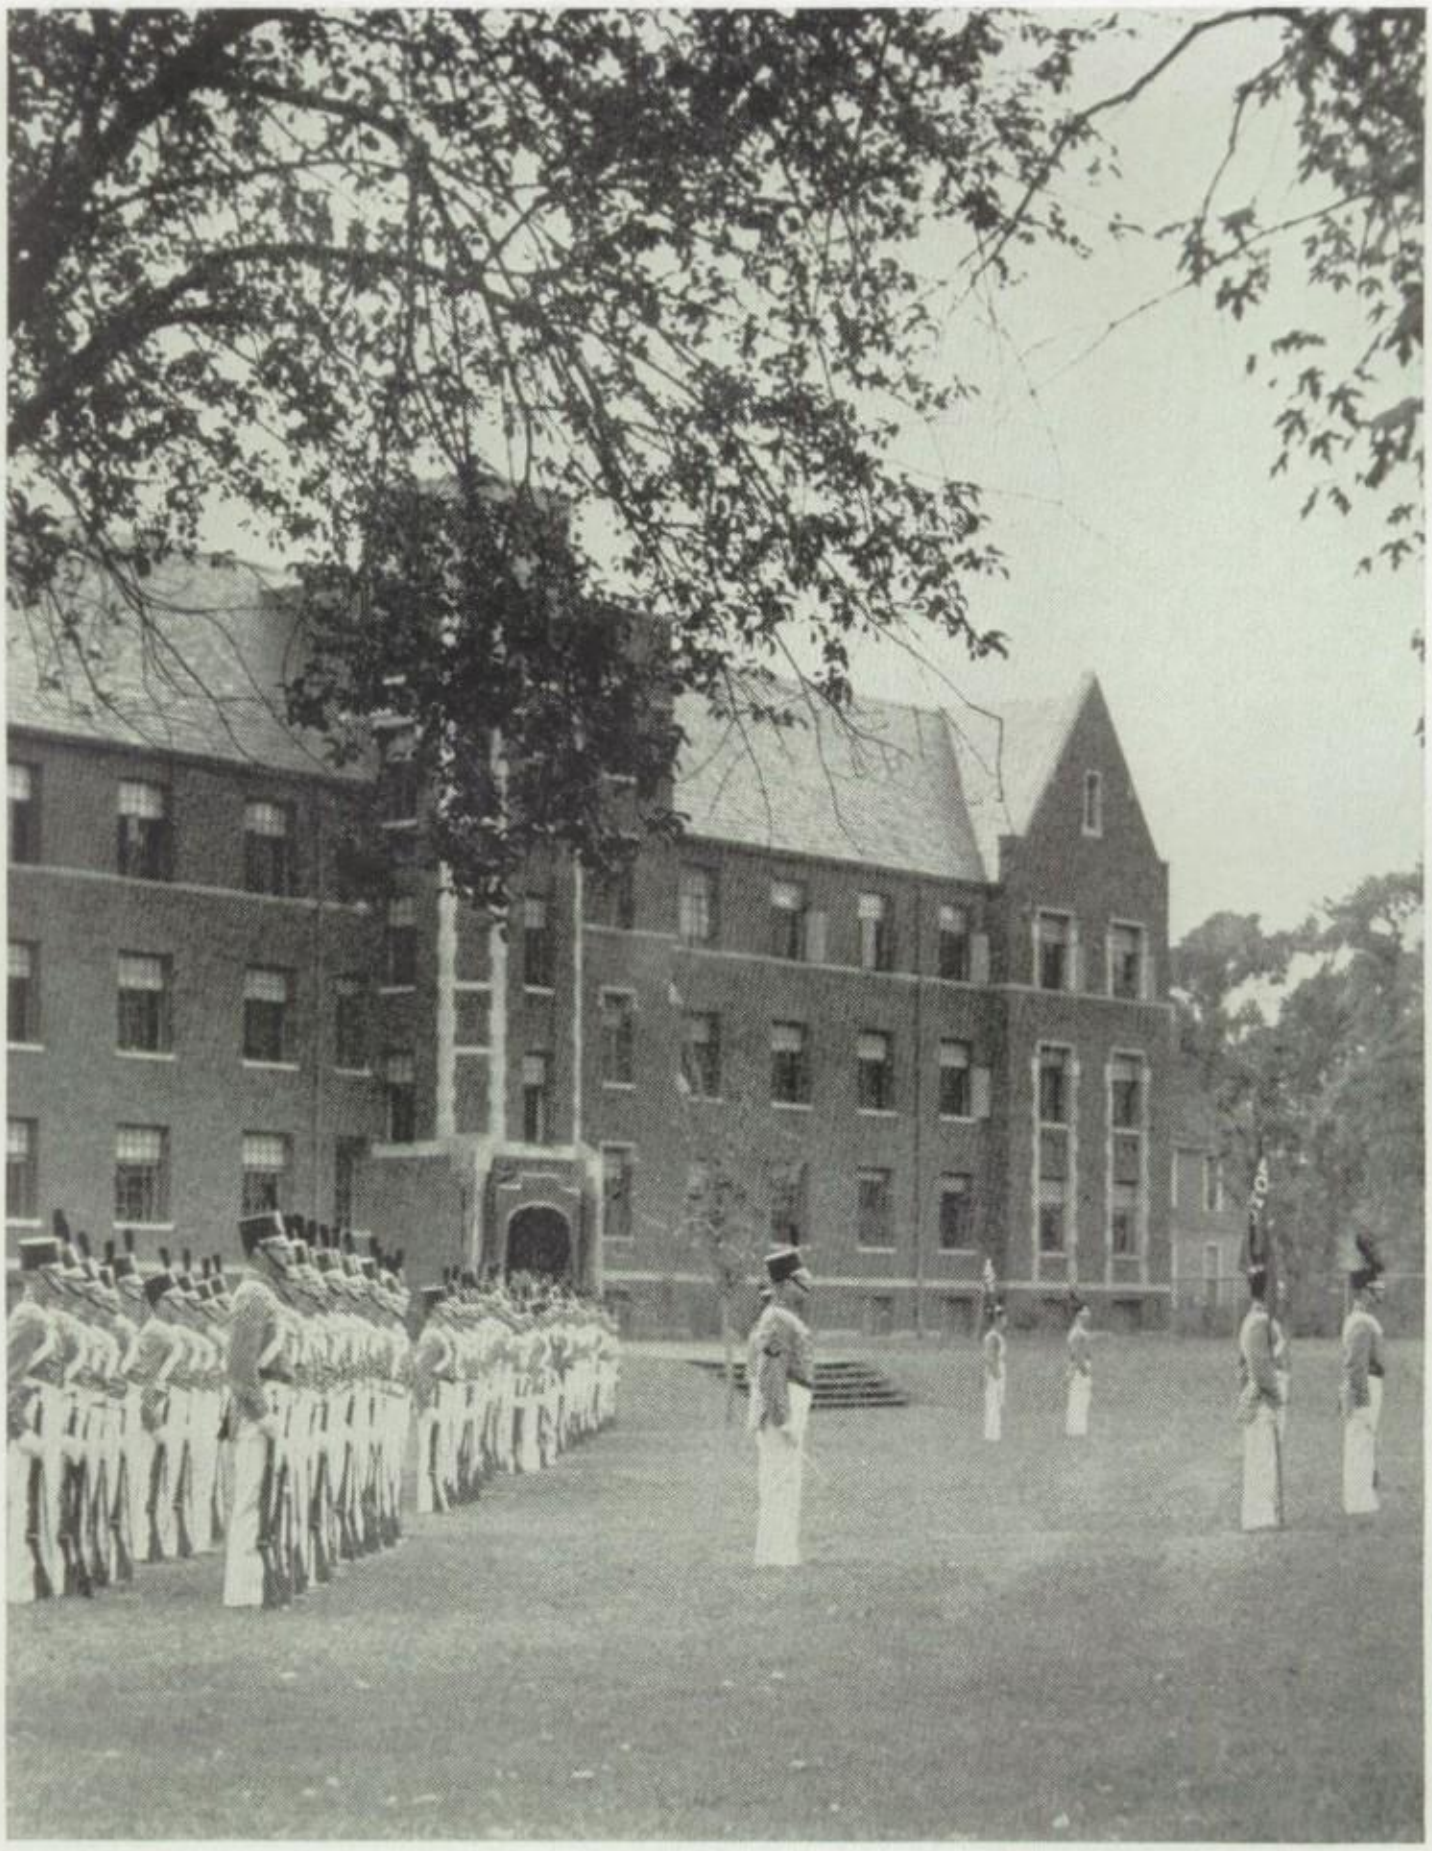
Major F. L. Wilde

1930



NO MORE fitting setting for "Old Glory" and our own banner than the white entrance to East Hall, through which thousands of cadets have gone out to uphold the honor of both.

MORGAN PARK MILITARY ACADEMY

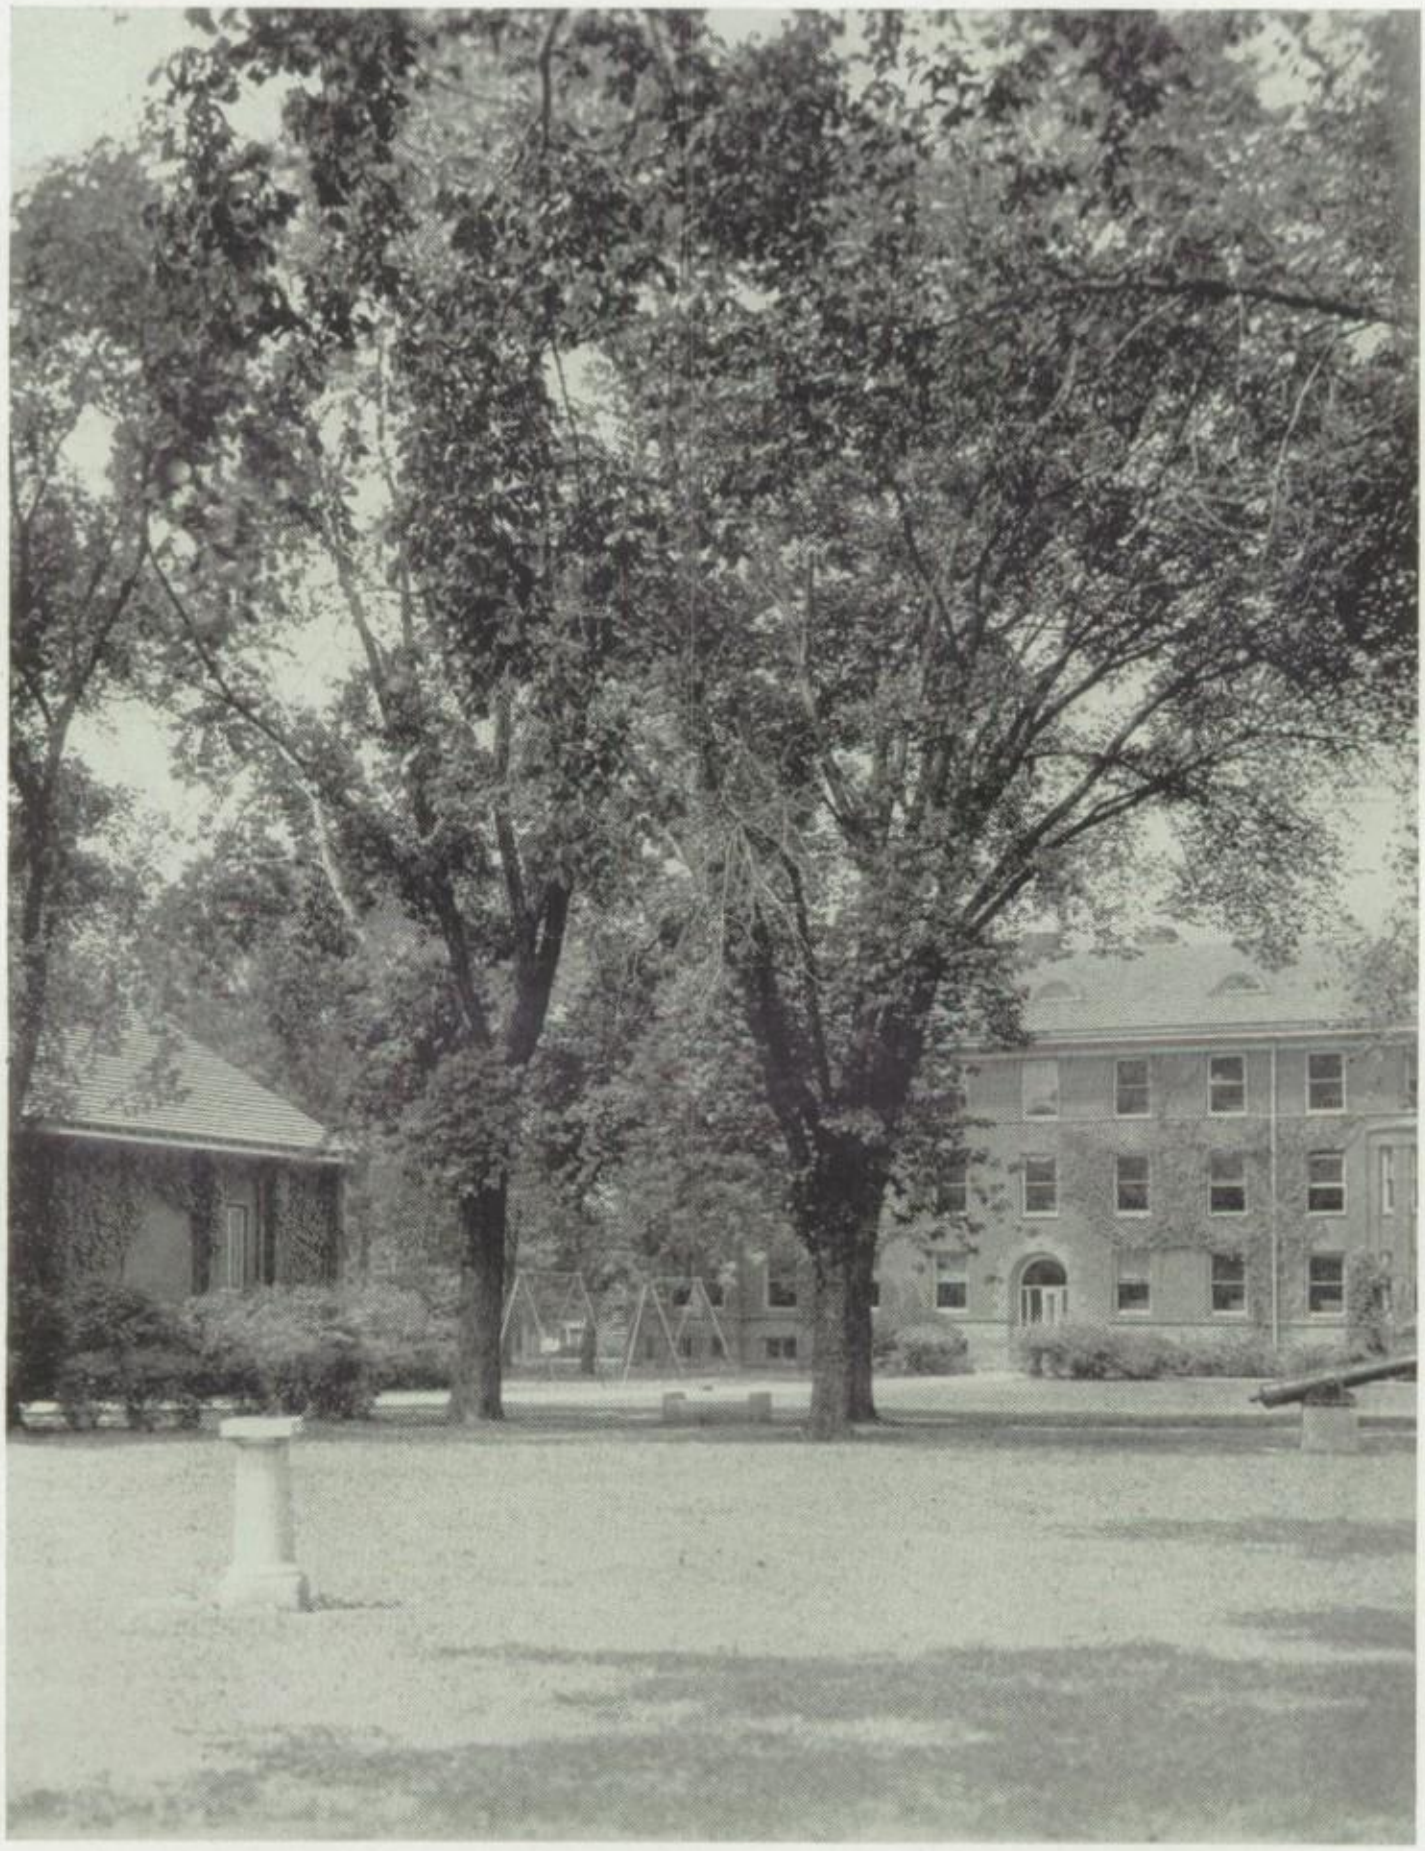


THIS PICTURE was posed for the "Chicago Daily News" to show the striking beauty of the new barracks, "Hansen Hall," and the well drilled, smartly uniformed cadets who live there.

MORGAN PARK MILITARY ACADEMY

A MORE harmonious picture was never taken! For uppermost in the minds of these hungry cadets returning from parade is the thought of food; and in the background is the mess hall.

THE GYM is a warm friend to every cadet, for here he is registered on opening day, here he learns true sportsmanship and here he attends his last Senior Prom.



MORGAN PARK is proud of the trees on her campus. They have grown up with the Academy, and with it, their roots are deep in the soil of Morgan Park.

MORGAN PARK MILITARY ACADEMY

BLAKE HALL is as old as the trees which frame it in this picture, but the years have only served to ingrain into its very mortar the spirit of Morgan Park, and it stands as a living symbol and constant reminder of it.

MORGAN PARK MILITARY ACADEMY

THE OLD tower of Blake Hall has kept vigil over cadets, their fathers and grandfathers; a challenge to all who pass it to remember its ancient rite.

THE LAST retreat, just before the corps goes home for the summer, raises a lump in many a senior's throat when the memories of his school days are recalled by the spell of "taps."

THE BOARD of trustees are the little known group of men who work for the best interests of the Academy. Much credit is due to this group who spend many hours thinking of ways to better the school. For their hard work they receive nothing but the satisfaction of doing their job well. In this board the corps knows that behind it there is a group who have the interests of the school at heart.

Their continual efforts are one of the important reasons that the Academy attained an Honor School rating. Little is said or heard about this friendly group of men. Their many successful deeds characterize these men. A school with such a loyal board of trustees could never fail to attain success in all their undertakings.

DURING the past year, Morgan Park's Alumni Association has been exceedingly active in the reorganization of its record system and files. Over $300 has been expended on the purchase of Kardex filing equipment, which makes it possible now for the Alumni office to have full information instantly available on all members of the Association. Despite the year of financial depression felt elsewhere, the Alumni membership was larger than ever before, showing the loyalty of Academy Alumni.

The Alumni Day held last June was better attended than any previous one in the school's history. Over a hundred "old boys" came back to join in the reunion.

COLONEL HARRY DELMONT ABELLS, B.S.
I. N. G.
Superintendent; Chemistry

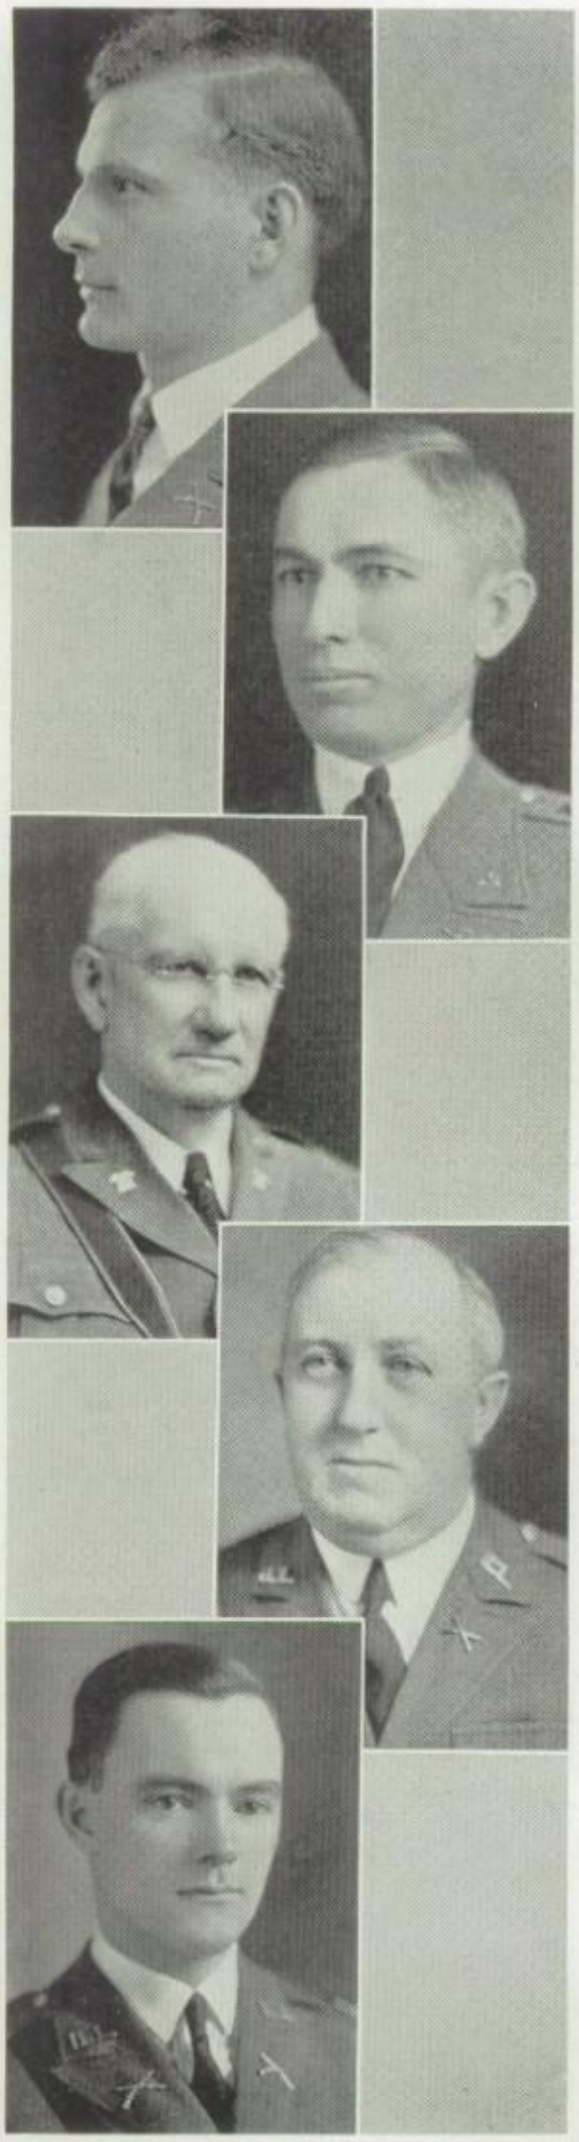
B.S., University of Chicago, 1897; *Graduate student,* 1897-98; *Academy Assistan in Introductory year at Morgan Park Military Academy,* 1898-1901; *Instructor in Physics and Chemistry,* 1902; *Principal Academy,* 1907-1919; *Superintendent,* 1919-.

IN COLONEL Abells the cadets find a man to model after. His sincerity and loyalty in every problem is a steady influence to all. Colonel Abells is a friend to every cadet at all times and he is always willing to think your problem out with you. The Colonel never forgets his daily visit to the ill in the infirmary and does all he can to make those hours cheerful. His presence is inspiring and cherished by every cadet in the Academy.

LT. COLONEL HAYDN E. JONES, Ph.D.
I. N. G.
Asst. Superintendent; History

Cadet U. S. M. A., 1884-1885; *A.B., Richmond College, Va.; Graduate student, University of Chicago*, 1894-1898; *Fellow in Semitic Languages and Literature, ibid.*, 1898; *Associate in History, Morgan Park Military Academy*, 1899-1905; *Instructor ibid.*, 1907-1916; *Dean*, 1916-1919; *Assistant Superintendent*, 1919-.

WHEN grades become a terrible burden for the Seniors, and one is ready to give it all up, Colonel Jones is the man who guides us over our scholastic downfalls. A word from such a man as Colonel Jones is a blessing to any cadet. He is among the loyal backers of the activities of the school and the athletic teams. The cadets are always hoping the Colonel will tell them one of his numerous stories which are always interesting and illustrate his point.



MAJOR EDWARD BOUMA
Commandant

Major Bouma is the man who has charge of all cadet life. Whenever anyone has to report himself the major wants to know why. He is loved by all the cadets and has much to do with the smooth running of things and the happiness of the school. He is always full of pep and enthusiasm, whether it be for the minstrel show or a football pep-meeting.

CAPT. CARL E. DRIGGERS
P. M. S. & T.

In Captain Driggers the cadets find a real backer of the school. Because of his loyalty the Junior Class has chosen him as their adviser. Through Captain Driggers' leadership the school obtained the honor rating.

CAPT. J. W. GREENMAN
Curator

Captain Greenman came to us as a faculty officer from the Board of Trustees after the death of Major Wilde. Soon he won the admiration of many cadets for his kind nature. He has done much already in the beautifying of the campus and his interest in these matters is to such an extent that he even got out on the tennis courts and did some hard labor himself.

CAPT. HERMAN MAYHEW
Principal of the Lower School

Captain Mayhew has had the supervision of the Lower School in his hands for many years. Graduates have a particular high regard for this man who was practically their first instructor in this great institution. His kindly nature and patient disposition are just the thing needed for the development of the younger boy. All through the years the Lower School graduates have stood out and this has been mostly due to this man's work.

CAPT. JOHN DEGRANDPRE
Acting Quartermaster

Captain DeGrandpre, our new quartermaster, has proven himself capable of handling the finances and meals of the school. Besides being quartermaster he is also tactical officer of "A" Company through which he is associated with the cadets, who look up to him with much respect. He is an important factor in the military life and is one of the real reasons why "A" Company was honor company last year.

SCHOLASTIC

Capt. Dakin Pounding a Point Home in English IV

English Department

THE WHOLESALE revision of the work offered by the English Department has made it necessary that this change be recorded for the future, in this issue of the Skirmisher. Although much of the same material is still being covered by the department, the pendulum has swung from the intensive reading to the extensive reading, with the result that cadets are enjoying their literature more and are coming to know the works more intimately.

Captain Dakin, head of the department, as usual has taught the classes of English I and IV, for he believes that it is his responsibility to prepare the new students for their English, and also to clean up the job of preparing seniors for college. His assistant, Captain Taylor, after following special study at the University of Chicago last summer, has developed a new technique of teaching Junior and Sophomore English. Captain Taylor's recent contribution to the teaching of English, specially that of American literature, was published this spring in the North Central Association Review.

Mech. Drawing Is Popular

Capt. Gray's College Algebra Class

Mathematics Department

LITTLE CHANGE is to be found in the work of the Mathematics Department except the courses being offered by Captain Mahon. Captain Gray, head of the department, is still pounding on the fundamentals, with the student required to do the original thought and preparation himself. This year trigonometry was introduced before solid geometry, as an innovation, and mechanical drawing is considered a part of the mathematics department.

In addition to the bookcase full of books which was new classroom equipment, a demonstration slide rule was installed in Capt. Gray's room and an evening class in its use was formed.

Captain Hirschy, Mr. Price, Captain Mahon, and Captain Gray are the complete personnel who handle all mathematics.

A Physics Experiment in Light

Biology Class in Action

Science Department

AS USUAL, chemistry and physics were taught by Colonel Abells, Captain Hewitt, and Captain Hirschy, and were the most popular of the laboratory sciences, although biology under Captain Dodd's tutelage was running them a close third. The change of the class period has brought about new problems in these courses, but the flexibility of the instructors has made it possible to offer the same work as previously in a more effective manner. All the so called "pre-med" students sooner or later find their way into Captain Dodd's biology class and revel in the microscopes, dissecting knives, and all the "bugology" he gives them.

The installation of a class in general science which is being offered by Captain Hirschy has been one of the big forward steps during the past year, while physiography under Captain Hewitt has aroused the interest of many. Students in the science classes this year learned that their text book is not the only authority.

Capt. McIntosh Supervises Study

Foreign Languages Department

FOR YEARS Captain McIntosh has taught Latin at Morgan Park, so he not only knows something about the subject, but also seems to handle all his classes from the freshman to the senior year with comparative ease. His mechanical aptitude has brought about the construction of excellent models which indicate how Caesar "done it." The Classical Club is the fruit of his efforts.

A new high standard in the teaching of Spanish and French was reached this year when Captain Paul with the aid of his phonograph, instituted a technique of teaching which seems to be a combination of the direct method and that employed formerly. The presence in school of many Spanish speaking cadets has increased the interest. Mr. Houpert, a native born Frenchman, has taken over the more advanced classes and has created a great interest in this language. The French and Spanish Clubs have flourished.

Social Science Department

COLONEL JONES and his corps of history teachers have adopted the unit method this year also, and cadets are required, according to reports, to do a tremendous amount of reading. Tests and re-tests keep all the boys alert in these subjects.

Sociology has found its way into the schedule, being taught in the first semester by Captain Mahon, and in the second by Captain Stillwell. The interest in these classes has been stimulated by the enthusiastic personalities of these teachers.

New high speeds in typewriting, short hand, and bookkeeping have been reported by Captain Payne and his commercial students. These classes were larger this year then ever before.

Barracks and Tactical Staff

CAPTAIN DEGRANDPRE was the tactical officer of "A" Company at the begining of the year. When Captain DeGrandpre took over the duties of quartermaster Captain Wm. Knauf took over the duties of tactical officer. Captain Knauf is a graduate of Morgan Park '28, and has the welfare of "A" Company much at heart. Every day a number of cadets wait at the office of East Barracks to explain why their shoes weren't shined, or why they were late for some formation. Captain Knauf has kept up the good work of Captain DeGrandpre and has instituted many ideas of his own.

CAPT. KLING

Captain Kling, "the father of "B" Co." This is Captain Kling's second year in the Upper School as tactical officer. Captain attends every formation and sees that the number of lates are held down to as few as possible, and sees that everybody is in the right uniform. Besides these duties and checking up on late reports Captain Kling takes great pride in keeping Hansen Hall "ship shape" all the time and maintains a high standard in the barracks.

Sergeant Nolan is the tactical officer of the "day students" "C" Co. The day students are not here for the whole day so there are not so many formations to attend and for that part of Sergeant Nolan's job is easier than Captain Knauf's or Captain Kling's. Sergeant Nolan has charge of the armory and sees that the equipment is always in good condition. The rifle team is under Sergeant Nolan who is at the range every day coaching the men on the rifle team and helping them to better their scores.

Mr. Magill is a new man at the Academy and is from Chicago Y. M. C. A. College. Mr. Magill lives in East Barracks and each afternoon from four o'clock on he takes charge of the barracks. Mr. Magill inspects for order and sees that everyone is out of the barracks which are off limits from 4:30 to 5:15.

Dr. Robinson

Health and Recreation Staffs

MISS MAUDE BLACHLEY has for many years been the Academy nurse. Miss Blachley stays at the infirmary where the cadets go when they are sick or have a headache, or to get a cut dressed. A few minutes after the assembly to reveille has blown, sick call is blown. Any cadet that feels sick or has a blister on his foot falls out and then goes to the infirmary to be taken care of. Right after Mess I Miss Blachley takes care of any Lower School boys that attend sick call for the Lower School.

Dr. Robinson, the Academy physician, is called in to see any cadet that needs further medical attention. Each fall Dr. Robinson makes a physical examination of the cadets, which consists of an examination of the heart, lungs, eyes, ears, the height, and weight also being recorded. Once every month the weight of each cadet is recorded on a chart. In his examination Dr. Robinson was able to see those cadets that needed medical attention, these were given treatment and the health standard of the corps was raised to a higher level.

Mr. Chester Pimm has been at the Academy for two years. When basketball season started Mr. Pimm took over the wrestling teams, boxing teams, the fencing teams, and also tumbling. Mr. Pimm takes charge of Hansen Hall after Mess III every evening and sees that the cadets that are exempt are in their rooms and down to work. In the Spring time those who are not out for track or baseball have indoor baseball games between the companies, four days each week. Mr. Pimm referees the games, and when there is a shortage goes on a side. Mr. Pimm has worked out a plan showing what each cadet can do in the dashes and broad jump and the high jump. The cadets constantly strive to better their previous record.

Mr. Stover comes from the Y. M. C. A. College. Mr. Stover is the referee for the intramural sports, and assists Mr. Pimm in his work around the barracks and in sports.

CLASSES

Class Advisers

Capt. Gray

CAPTAIN GRAY
Senior Adviser

LAST YEAR Captain Gray was elected to lead the Junior Class as its Class Adviser. Then when they became the senior class they again cast their votes for the man to consult with, and again it turned out to be Captain Gray who was to take up the reins of the class. The class receives many privileges through its adviser and this year's Senior Prom will be about the best one ever held around the Academy.

He always has some excellent ideas to give to the class and many are the problems which he has helped the class to solve. Captain Gray at any time is glad and ready to speak to any senior on any class proposition.

CAPTAIN DRIGGERS
Junior Adviser

FOR THE first time since his arrival at the Academy Captain Driggers was selected by the members of the Junior Class as their adviser for this year. He was nominated during a class meeting and every man in the class voted for their choice; Captain Driggers won out by a large majority, which speaks well for a man. The class realized the fact that the Captain accomplished everything he started out for and adding two and two together they immediately saw that here was a good man to get hold of; and so they did.

On hearing that he was elected Junior Class Adviser Captain Driggers stated that he deemed it a high honor and privilege to lead the class of '32.

The Class of 1931

OFFICERS

John Zimmerman	*President*
Casimer J. Rutkowski	*Vice-President*
Henry Feil	*Secretary*
James Riddle III	*Treasurer*
Samuel Vogel	*Sergeant-at-Arms*
Captain F. S. Gray	*Faculty Adviser*

THE SENIOR class this year is one of the largest in the history of the school. The fact that this school has been rated as an Honor Military Academy is largely due to the influence of the seniors. These cadets have been working for the benefit of the school, and in doing so have gained many honors for the Academy which had not been held before.

The officers of this class were cadets prominent in the life of the school. John Zimmerman, the president, has spent a great deal of his time in helping the members, and to him, as president, the school gives its thanks for the leadership of the Senior class. He has been aided by Casimer Rutkowski, the vice president. James Riddle has had a hard job as treasurer and Henry Feil as secretary also kept busy.

May the graduates of the class of 1931 be as prominent in their after graduation as they have been in their Academy life. They are sent out with the best wishes of the school.

Here is the little "red head" that came four years ago, and decided to be somebody. If you have been on the sidelines at the beginning of the parade you have probably heard someone say; "who is that military looking cadet standing by the Band?"

Born December 5, 1914, in Chicago, Ill. Entered M.P.M.A. in 1927 from West Pullman Grammar School.

There is not much to say about "Bill". Everybody knows all about him. He is another day student whom the school could not get along without. His endurance for flag toting is remarkable.

JOSEPH M. BURGEL

Born September 19, 1912, in Chicago Heights, Illinois. Entered M.P.M.A. in 1927 from Steger Public School

Joe has been one of the finest kickers on "those fighting lights." The Band could not get along without him and his melodious saxophone. He hails from Chicago Heights. Everybody knows Joe.

JOHN DONALD CAMPBELL

Born June 14, 1913, in Chicago. Entered M.P.M.A. from St. Leo Grammar School in 1927.

Here is the second "looie" of "C" Co. John led the Rifle Team through a hard season and was always practicing on the range keeping himself or someone else in condition for the oncoming matches.

JOHN K. DANNER

"Danny" is a weighty man. Besides tossing the shot put well over forty feet he spends much of his time bossing the band. "Greaser" is also one of the leading inhabitants of the dance floor.

CLARENCE DON ELLIOTT

Born December 11, 1911, in Chicago. Entered M.P.M.A. in 1929 from Calumet High School.

Private Co. A (1, 2, 3); *Track* (1, 2, 3); *Cross Country* (1, 2, 3); *Company Hare and Hound* (3); *Emblem Club* (3).

Clarence is the only chemistry "student" in the class. This boy (we call him a boy, even if he has got a beard) runs the half-mile, and how he can run. He and his room-mate, Henry Hoffmann, raise more havoc in less time than any pair at the institution.

DONALD FRANCIS FARMER

Born February 12, 1914, in Chicago. Entered M.P.M.A. from St. Leo High School in 1929.

Private Co. C (1, 2); *Track* (2); *Company Basketball* (1, 2); *Company Baseball* (1, 2); *Company Volley Ball* (1, 2); *Company Hare and Hound* (1, 2); *Oratory* (1, 2); *Debate* (1, 2); *Declamation* (1, 2); *Dramatic Club* (2); *Debate Medal* (4); *Proficient Rating* (1, 2).

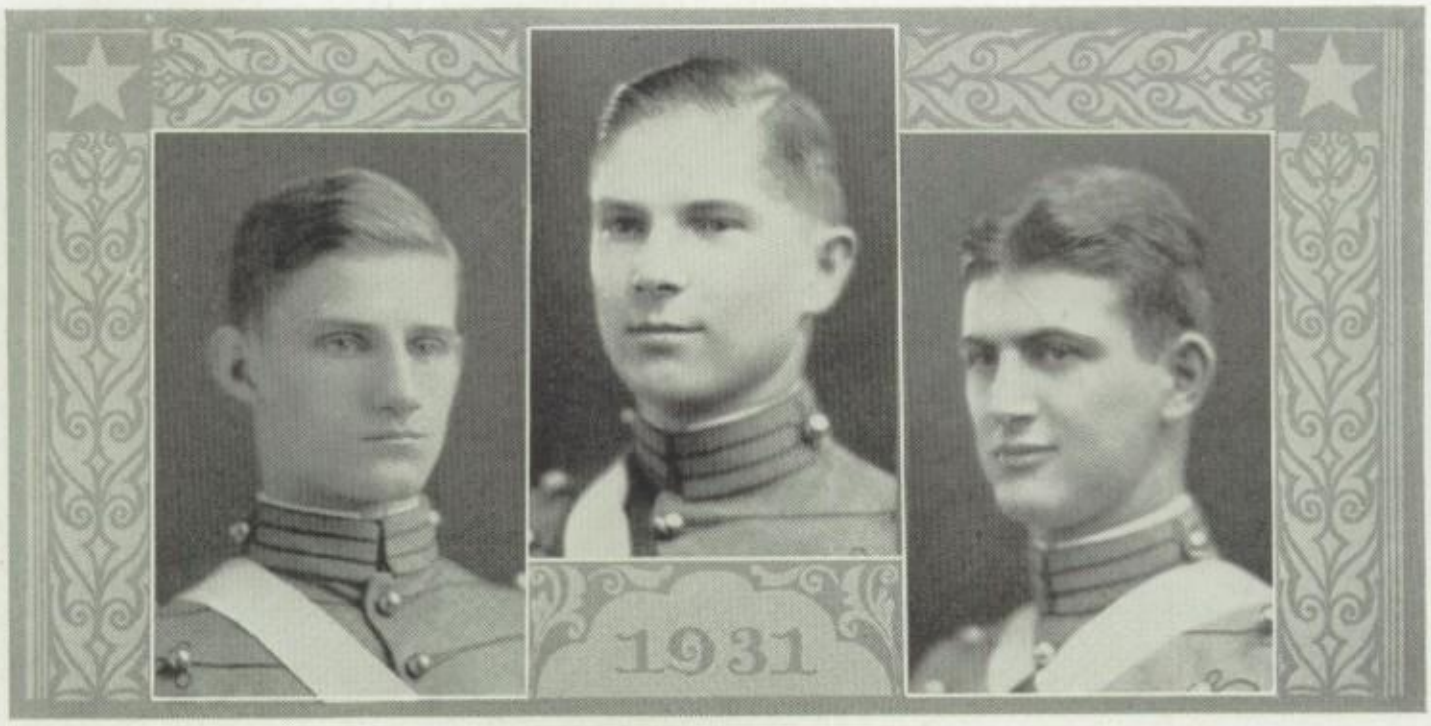
And here we have a great orator. Donald Farmer is on the debate team, and is a talker of great merit. He is known as one of the most quiet cadets, however you should hear him when he gets started talking, to the cadets and—?

HENRY WILLIAM FEIL

Born August 29, 1911, in Chicago. Entered M.P.M.A. in 1930 from Morgan Park High School.

Private Co. C (1); *Private Band* (2); *Heavyweight Football* (1, 2); *Track* (1, 2); *Company Basketball* (1, 2); *Company Baseball* (1, 2); *Company Volley Ball* (1, 2); *Spanish Club* (2); *Honor Rating* (1, 2); *Proficient Rating* (1, 2); *Alpha Scholarship Rating* (2).

Henry is one of the smallest fellows in the class, but his size does not hinder him from doing big things. "Buddy" is another of the class from the day students, and he and his car are often seen together near the campus. Pals they are.



RAYMOND HARRY FISCHER

Born June 21, 1913, in Chicago, Illinois. Entered M.P.M.A. in 1925 from the Arlington Public School.

Private Co. A (1); *Private Band* (2); *Corporal Band* (3); *1st Sergeant Band* (3); *1st Sergeant Band* (4); *Lightweight Football* (1, 2, 3); *Heavyweight Football* (4); *Lightweight Basketball* (1, 2, 3, *and Captain* 4); *Baseball* (1, 2, 3, 4); *Company Volley Ball* (1); *Company Indoor Baseball* (1); *Company Basketball* (1); *Boxing* (1, 2,); *Emblem Club* (3, 4); *Dance Orchestra* (1, 2, 3, 4).

There is one in every class. The fellow who likes the school so well that he cannot help but come back another year. "Ray" was one of the fastest fellows on the lightweight basketball team, and could always be relied upon in any game.

GORDON F. FOWLER

Born September 23, 1913, in Chicago, Ill. Entered M.P.M.A. in 1927 from the Dakota School.

Private Co. A (1, 2); *Sergeant Co. A* (3); *Lieutenant Co. A* (4); *Bantamweight Football* (1); *Lightweight Football* (2, 3, 4); *Lightweight Basketball* (4); *Track* (1, 2, 3, 4); *Cross Country* (1, 2, 3, 4); *Guardians* (3, 4); *SKIRMISHER* (3); *French Club* (4); *Bridge Club* (4); *Dramatic Club* (4); *Company Baseball* (4); *Company Basketball* (1, 2, 3, 4); *Company Volley Ball* (1, 2, 3, 4); *Honor Rating* (3); *Proficient Rating* (3); *Gold "S" Scholarship* (3); *Bronze "S" Scholarship* (3).

One of the most interesting events of the school life is when Capt. Hewitt and this cadet start arguing. "Gordy" was going along fine until the Mother's and Father's Dance. Something happened there, we wonder what it was?

MILTON S. FRANK

Born March 1, 1913, in Chicago. Entered M.P.M.A. from Calumet High School in 1929.

Private Co. A (1); *Corporal Co. A* (2); *Lightweight Football* (1); *Heavyweight Football* (2); *Lightweight Basketball* (1); *Heavyweight Basketball* (2); *Track* (1); *Baseball* (2); *Glee Club* (1); *Gold "S"* (1); *Gamma Scholarship Rating* (2).

"Fink" started on the lightweight football team last year, but this year, small as he was, he made the heavies. He and "Stan" Kaplan, his room-mate, are always seen together, either on the basketball floor or on the campus.

RAYMOND HILL FREEMAN

Born March 2, 1913, in Marinette, Wisconsin. Entered M.P.M.A. in 1927 from Harrison Technical High School.

Private Co. A (1, 2); *Sergeant Co. A* (3); *Lieutenant Co. A* (4); *Heavyweight Football* (1, 2, 3, 4); *Track* (1, 2, 3, 4); *Boxing* (2, 3); *Wrestling* (2, 3); *Company Basketball* (1, 2, 3, 4); *Company Baseball* (1, 2, 3, 4); *Company Volley Ball* (1, 2, 3, 4); *Guardians* (2); *Business Club* (4); *Bridge Club* (4); *Proficient Rating* (3, 4).

It seems that Ray's chief ambitions are to jump higher and run faster than anyone in school. However, he is already advancing in the social line. He and "Bingo" can often be seen before dances, and on Saturday afternoons, consulting a large volume edited by the Bell Telephone Company.

ROBERT FREEMAN GILMORE

Born July 23, 1913, in Joliet, Ill. Entered M.P.M.A. in 1928 from the Englewood High School.

1st Class Private Co. B (1); *Corporal Co. B* (2); *Sergeant Co. B* (3); *Heavyweight Football* (4); *Baseball* (1, 2, 3); *Spanish Club* (3); *Company Baseball* (1, 2, 3); *Company Basketball* (1, 2, 3); *Volley Ball* (1, 2, 3); *Proficient Rating* (2, 3,); *Bronze "S" Scholarship.*

Robert F. Cleveland	*Vice-President*
Henry Furmaniak	*Secretary-Treasurer*
Thomas C. Gately	*Sergeant-at-Arms*
Captain Carl E. Driggers	*Faculty Adviser*

THE JUNIORS of this year are the Seniors of next year. They will take over the places the Seniors hold now. The graduating class of this year has done a good job, and it is the duty of the Juniors to uphold their reputation.

One of the main duties of the Juniors is the publication of this book, The Skirmisher. The editor, and president of the Junior class, John B. Catch, has done a good job. Most of the members of the class have taken part in the job, and have tried to make this the best book ever published by the school.

We hope all these cadets will return next year to keep up the reputation that the Seniors have established, and to take the places that they left vacant.

ALBERT BENNETT

Here is one "student" who always gets a lot of attention in Captain Gray's "trig" class. Maybe it's the Vallee crooning voice he possesses.

RICHARD CALVERT

Dick is going to be another Einstein if he isn't careful. However to combat this the opposite sex cause him not a little worry.

HAROLD CANNON

"Joe" is one of those "fighting lights" whose main pleasure in life is to "sock 'em." And believe us, he can!

JOHN CATCH

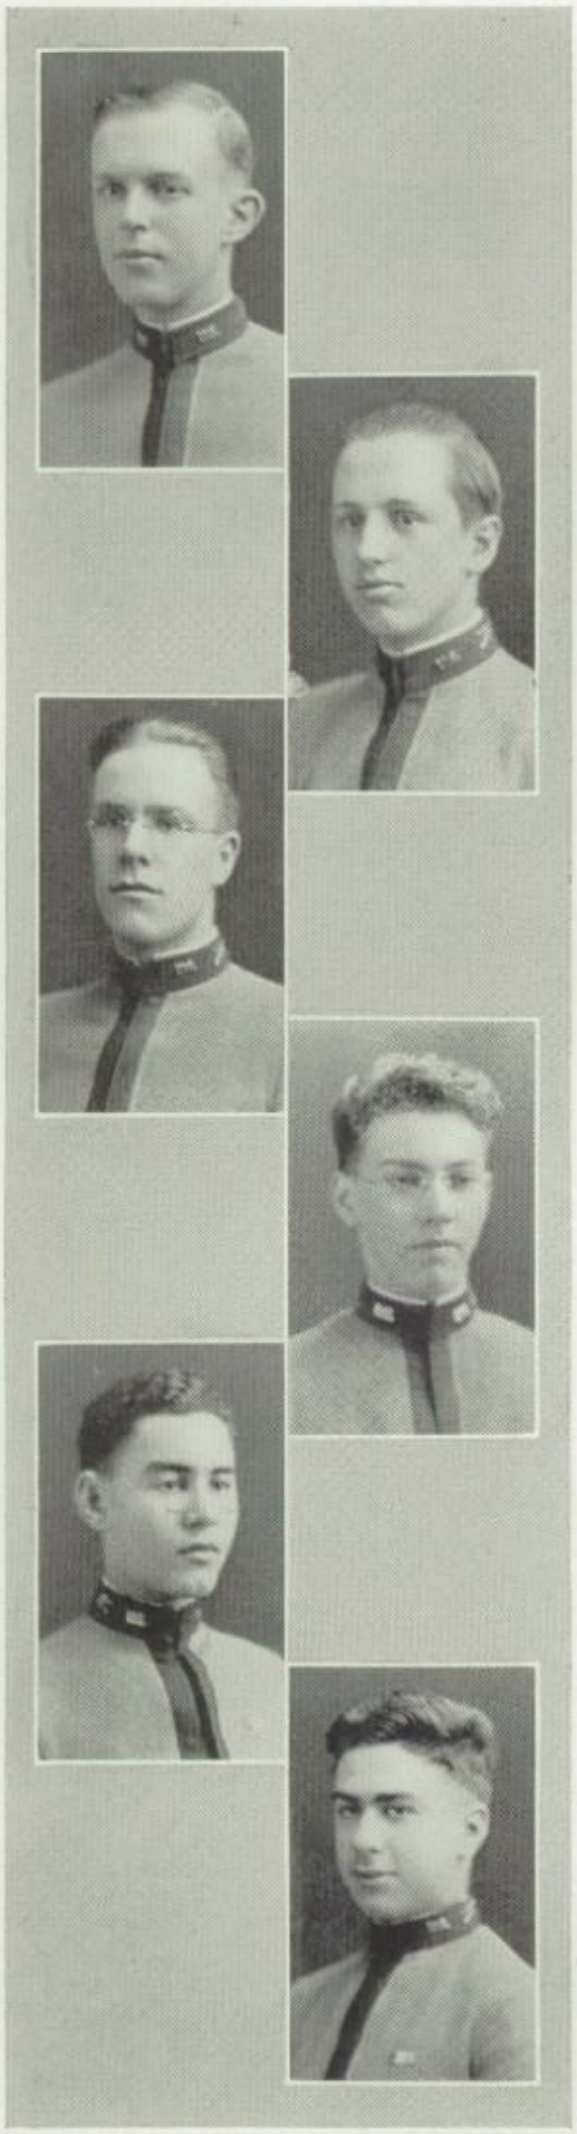
Jack is a boy who was consistently breaking ninety last spring on the links. This year he forsook golf to edit this book.

ROBERT CLEVELAND

Bob is the hard-boiled first sergeant of "C" Company. He is also one of those Spanish speaking persons, and writes military articles for the Academy News.

HAROLD CORDES

Harold is one of the few strong, silent men left to us, and he uses his excess energy in drawing. He also has a leaning toward math; *slight inclination!*



CLARK DOLLIVER

Clark comes from a literary family. His father is a newspaper editor and the son seems to be following in his footsteps. (See sports.)

WILLIAM EICH

Bill is noted for basketball. He puts the pill into the hoop from more places than he ever thinks about. He is a light-weight what am!

LEROY FROEMKE

"Lee" did a fine job of managing the heavy-weight football team this year. He's a "go-getter."

THOMAS GATELY

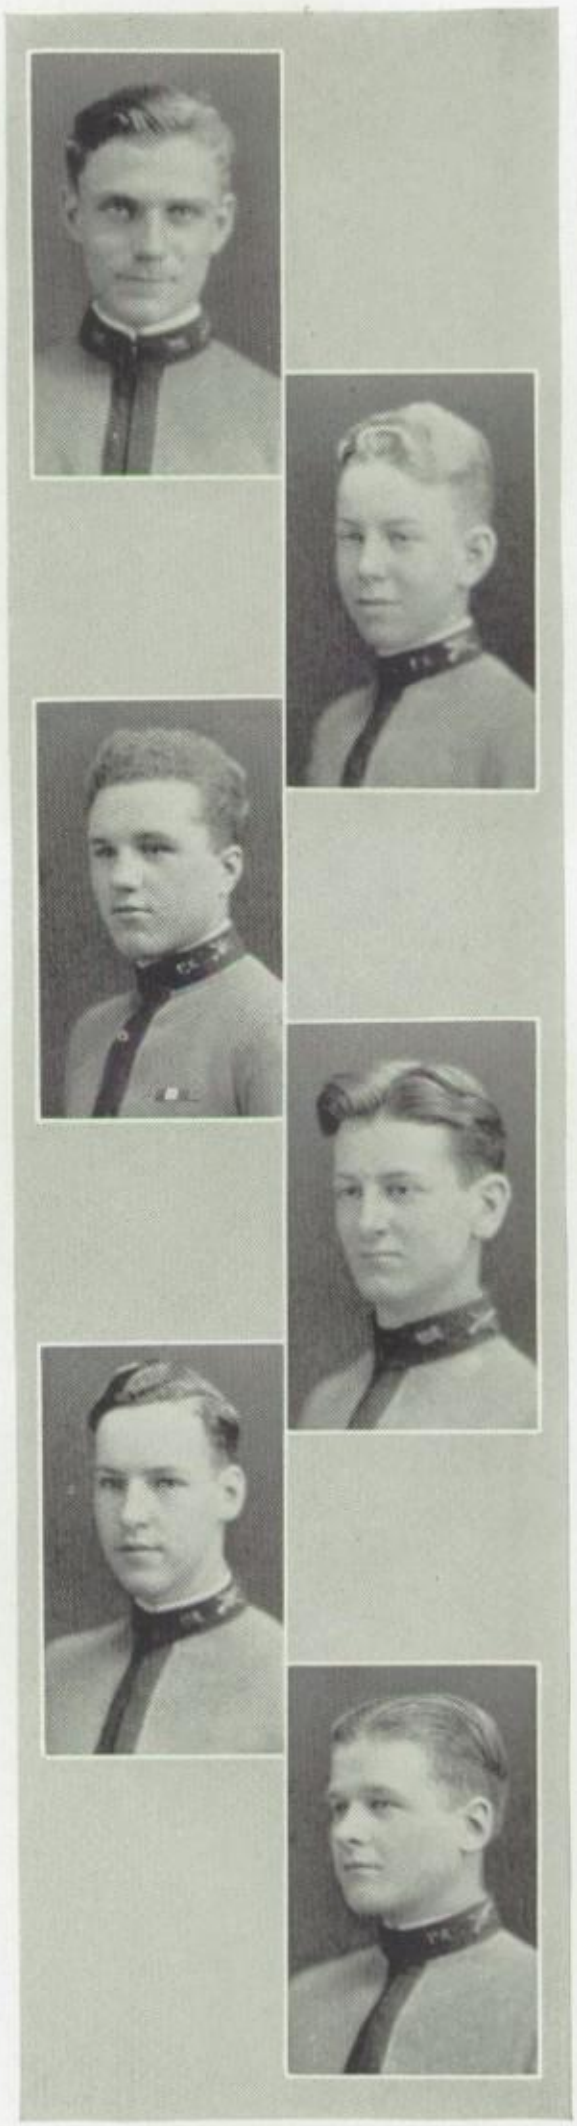
Tom made his letter in Lightweight football and has been out trying hard for one in Light-weight basketball. Go to it, Tom!

LEE GLADSTONE

Lee is the boy to consult when physics gets bothersome. He seems to be the scientific prodigy of the class.

WILLIAM GOLDMAN

Bill's one ambition is to be a big league catcher. Whenever you see him out on the campus "catching someone" and rolling out a lot of catcher's chatter, you know spring is here. Bill is pretty good, too!



PHILLIP GRAVER

"Grav" is the boy the corps is watching to lead the team to a conference victory next year.

JOSEPH GRIMSHAW

Joey is going to be a famous automotive engineer. He says so himself, and he knows a lot about autos.

FLOYD HAAS

This big brute is one of the mainstays in the line. Also, "Curly" did a good job of managing the Minstrel Show.

PAUL HOWLAND

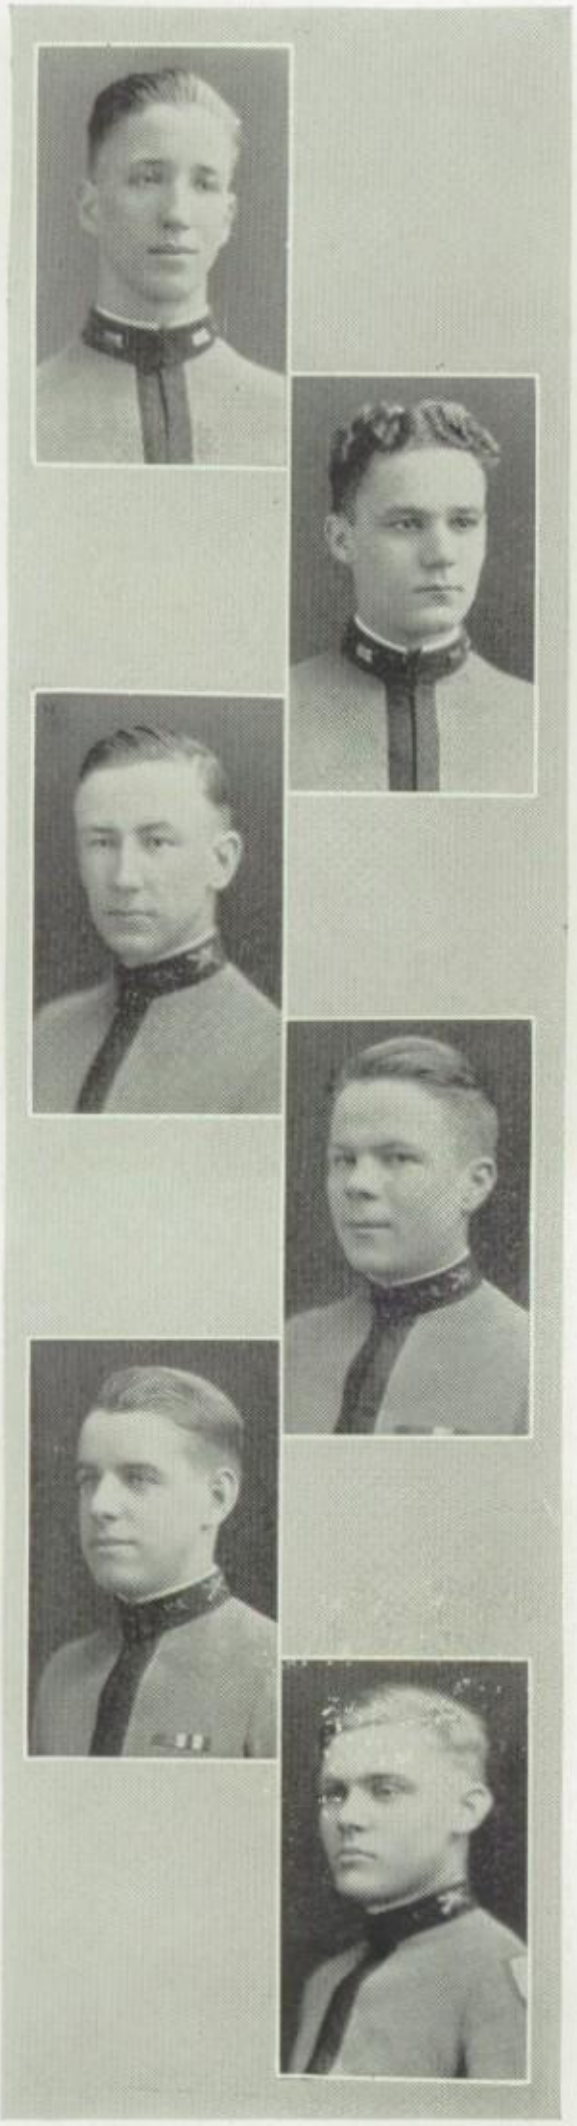
Paul came to us from Empehi the second semester. If you haven't met him on the campus you have probably been run over by him just a few times in the village.

CHARLES HUBER

Here is the other strong, silent man. He hasn't got that leaning toward Math, but he sure knows his Latin.

ROBERT ICKES

This boy isn't such an old-timer, but he has gotten into the spirit of the place so well that he seems to have been here quite a while.



ROBERT INNES

"Bob" is the long, lanky boy that goes running about the campus with an armload of clothes. Besides that, he wields a wicked tray.

STANLEY KAPLAN

"Stan" is one fellow on the heavyweight basketball team who seems to have a knack of dropping 'em in. And he does things to a fast ball, too!

JAMES KENT

There is nothing special to say about this cadet, as he speaks for himself. Ask him how he likes hospital life.

RICHARD KIMBELL

"Dick" is a guard on the light-weight basketball team. What we mean, when he guards them they stay guarded, on the basketball court and "*elsewhere!*"

ROBERT KING

If this boy isn't walking *to* the rifle range, he's walking away *from* it, and we believe that perfection must award such consistency.

OSCAR KIRN

Oscar plays indoor baseball for "C" Company during the winter, and is manager-owner-trainer-captain of the newest baseball league.

MELVIN KONOPASEK

"Mel" played football with a vengeance last fall, and broke his ankle doing it. Then he went out for lightweight basketball, and made the team.

WALTER KOPEK

"Babe" is the boy who may be seen almost any winter afternoon trotting around the village in the daily hare and hound chase. He also runs the mile, just for variety.

CHARLES KOZEL

"Chuckie" is a friend to all. He has a smile for all who come in contact with him and a laugh —and what a laugh!

JULIUS KUH

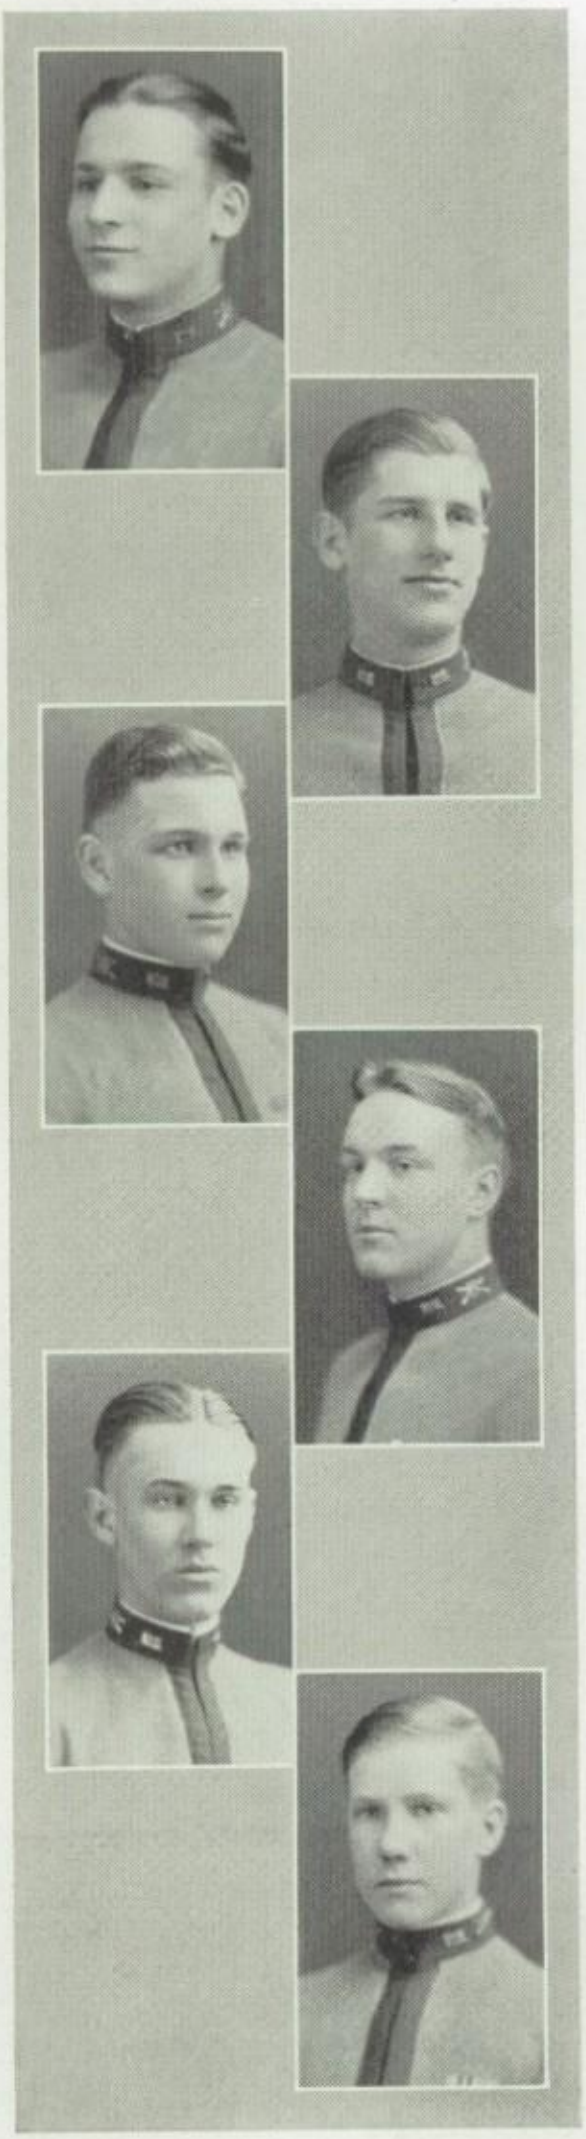
This is one of the famous duet of noise-makers and rioters known as K & S.

THOMAS LEAKE

"Tom" is in company athletics during the winter months and football in the fall. In the spring . . .?

CHESTER LEATHAM

"Chet" is the big brute that goes ploughing through the line when football season is in swing. And he sings a great big deep bass.



ROBERT MANN

"Bob" was one of the braces of the lightweight football team, where he played tackle. He was also actively engaged in company athletics.

ARTHUR MAZANEC

"Mazzy" and Chester Leatham are two who are found quite often lingering around Major Bouma's office. Why?

WILLIAM MOHR

"Willie" is business manager of this tome and literary editor of the ACADEMY NEWS. These two jobs keep him quite busy.

JOHN NELSON

"Nelly" is the fast boy who played end on the varsity last fall. In the spring he is one of the first out for baseball.

FRANK NEVRKLA

Frank was one of the mainstays on the heavyweight basketball team this year. Lots of his time is spent with the opposite sex.

PAUL PINKERTON

This is the little boy with the big clarinet who walks with the band. He has been quite directly responsible for a good part of this annual.

SHELDON PIPER

Sheldon should rightly be called the "Flying Dutchman." That is his one big activity. The rest of the time he messes around with machinery.

ROBERT PRINTUP

"Bob" was lost this year when his partner in crime, Robert Wagner, did not return. However he still can't keep out of trouble.

ELMER SAUNDERS

Elmer is indeed a Latin "shark." And when he "leans" toward math he pushes over all the tallest problems. He is the other of K & S (see Kuh).

EDWIN SCHILLO

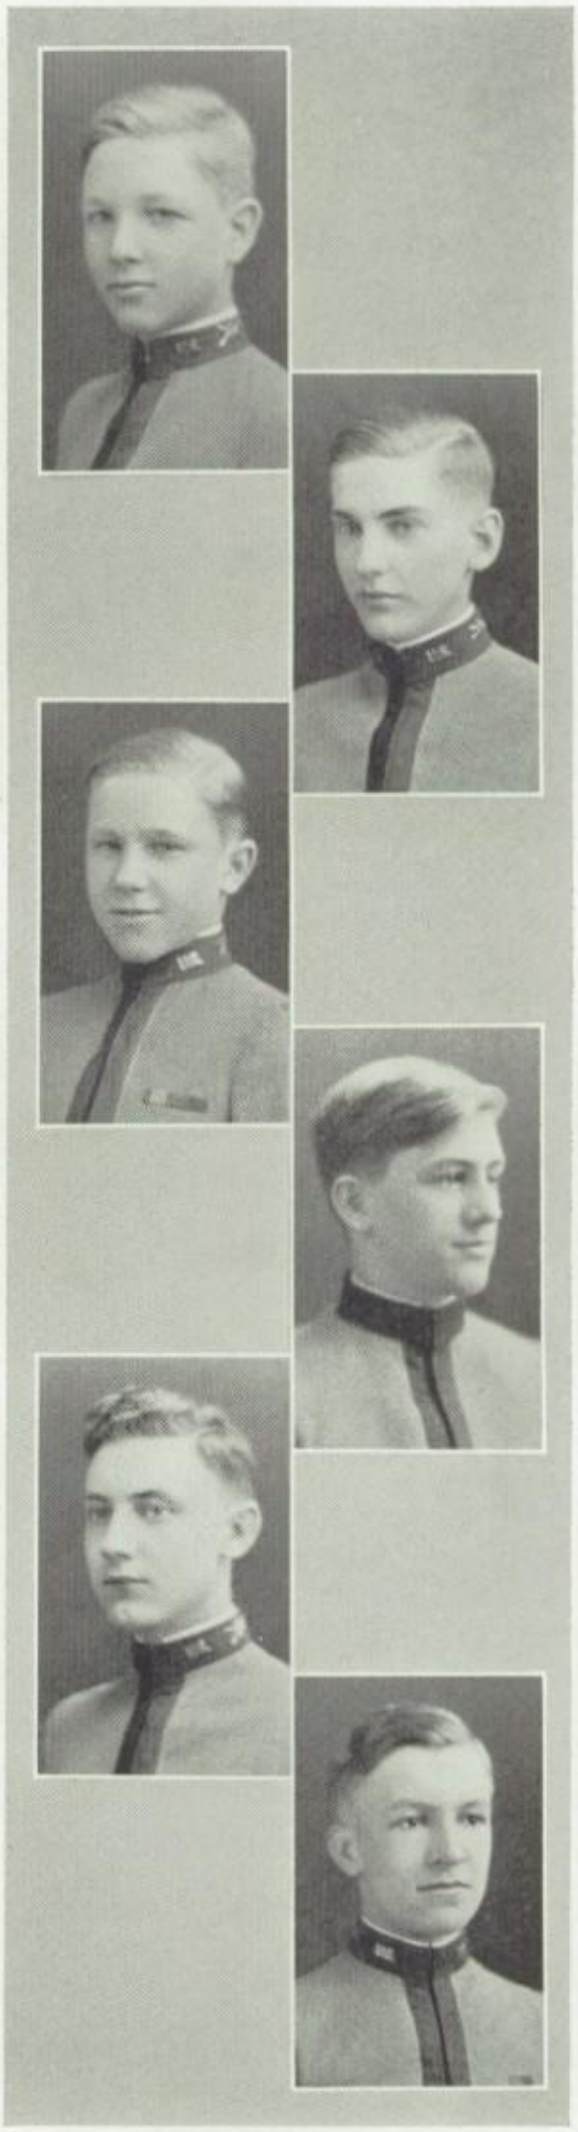
"Ed" is a new boy this semester and we won't go into details, but he got a part in the minstrel show pretty pronto.

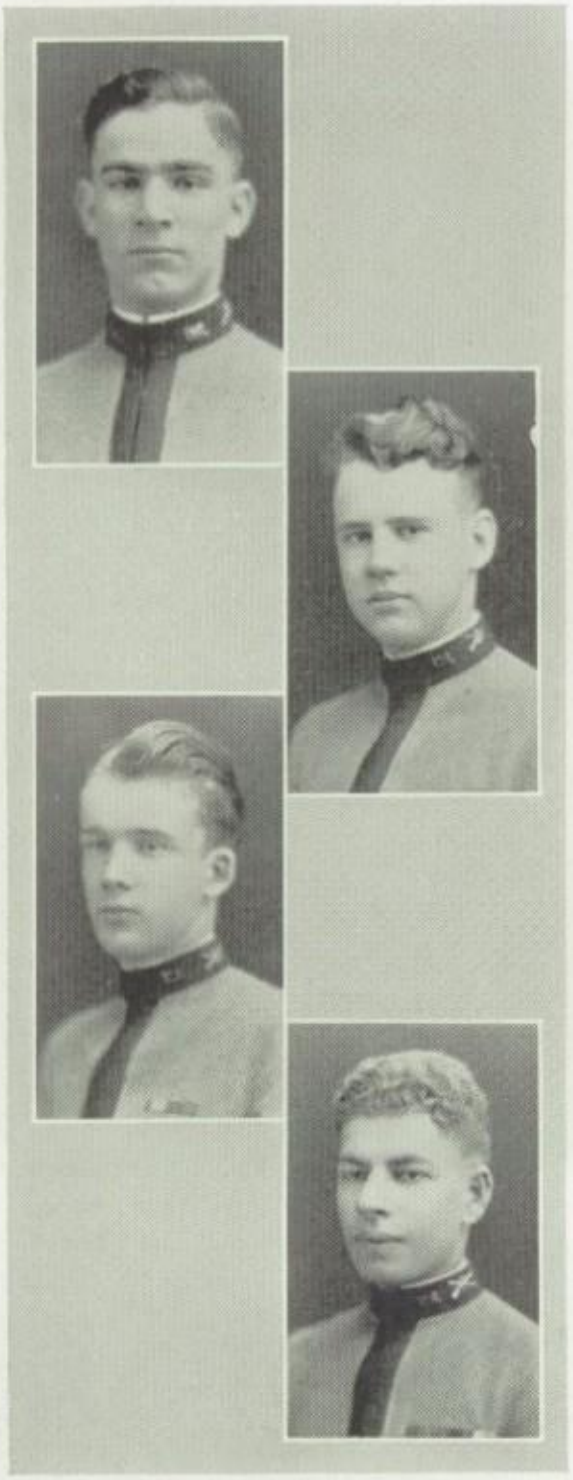
RICHARD SCHOFIELD

"Dick" plays good football and runs the 100 (sometimes). But his big attraction is singing in minstrel shows.

BRUCE SELLS

Bruce writes for the ACADEMY NEWS and from all reports he seems to follow Cicero quite well.





LOUIS SHAEFFER

"Louie" is out for track. Whenever a laugh arises from the Junior Military Class, Captain DeGrandpre always gazes suspiciously on "Louie."

WELLINGTON SMITH

The Alumni Editor of the ACADEMY NEWS in our presence. Football, baseball and trouble seem to be his hobbies.

DEAN VAN ORDER

Here at last is the class cut-up. He does more simple things and gets away with more "murder" than all of us combined.

HARRY YEIDEL

Harry is the feature editor of the ACADEMY NEWS. Many good nights of sleep were sacrificed by him in order that the paper would go to press.

ROBERT DUDLEY

This boy is quite adept at turning complicated mathematical problems into solutions. And he gets *such* a lot of fun out of tinkering with a motorcycle.

HENRY FURMANIAK

"Heinie" is known to do whatever he starts. He needed that ability when it came to collecting that $6.00 from each member of this class for the big dinner dance.

IRVING HERRIOTT

"Irv" is the wonder of the class. If there is a spot in the entire city through which he cannot get his car we would like to know just where it is.

ROBERT ZECHMAN

"Zech" is the smallest member of the class, and the last on the list (alphabetically). However he is the source of a great deal of fun when he is so inclined.

NOTE—These cadets failed to have photographs taken, so their biographies are given here without their pictures.

MILITARY

Capt. Driggers

Tactical Officers

Captain Driggers

FIVE years ago the Academy was extremely fortunate in securing Capt. Carl E. Driggers, the most capable tactical officer that ever conducted the Military Department of Morgan Park Military Academy. Under his efficient leadership Captains DeGrandpre, Hewitt, Knauff, and Sergeant Nolan have progressed more rapidly than in previous years.

In every one of the past four years Capt. Driggers was determined to have an Honor School which he finally and successfully succeeded in doing in 1930. The Cadet Corps firmly believe that without his leadership we would never have gained this title. Although his term of service expires this year we hope he will be able to secure extended time.

Captain DeGrandpre

Captain DeGrandpre has for a number of years been the tactical officer of "A" Company and the instructor of the Junior Class. During class recitation he makes the dull hours become lightened by telling of his experiences during the war. He is a real man, and is liked by all.

Captain Hewitt

Captain Hewitt is the tactical officer directly responsible for the military knowledge of "B" Company. He not only stirs up "B" Company's ambition but also carries the Freshmen through their first year of class room military.

Captain Kling

If any visitor wants to know the reason for the excellent order in which Hansen Hall is kept, the answer is Captain Kling. He's the man who teaches "B" Company not to sweep under their rugs.

Captain Hirschy

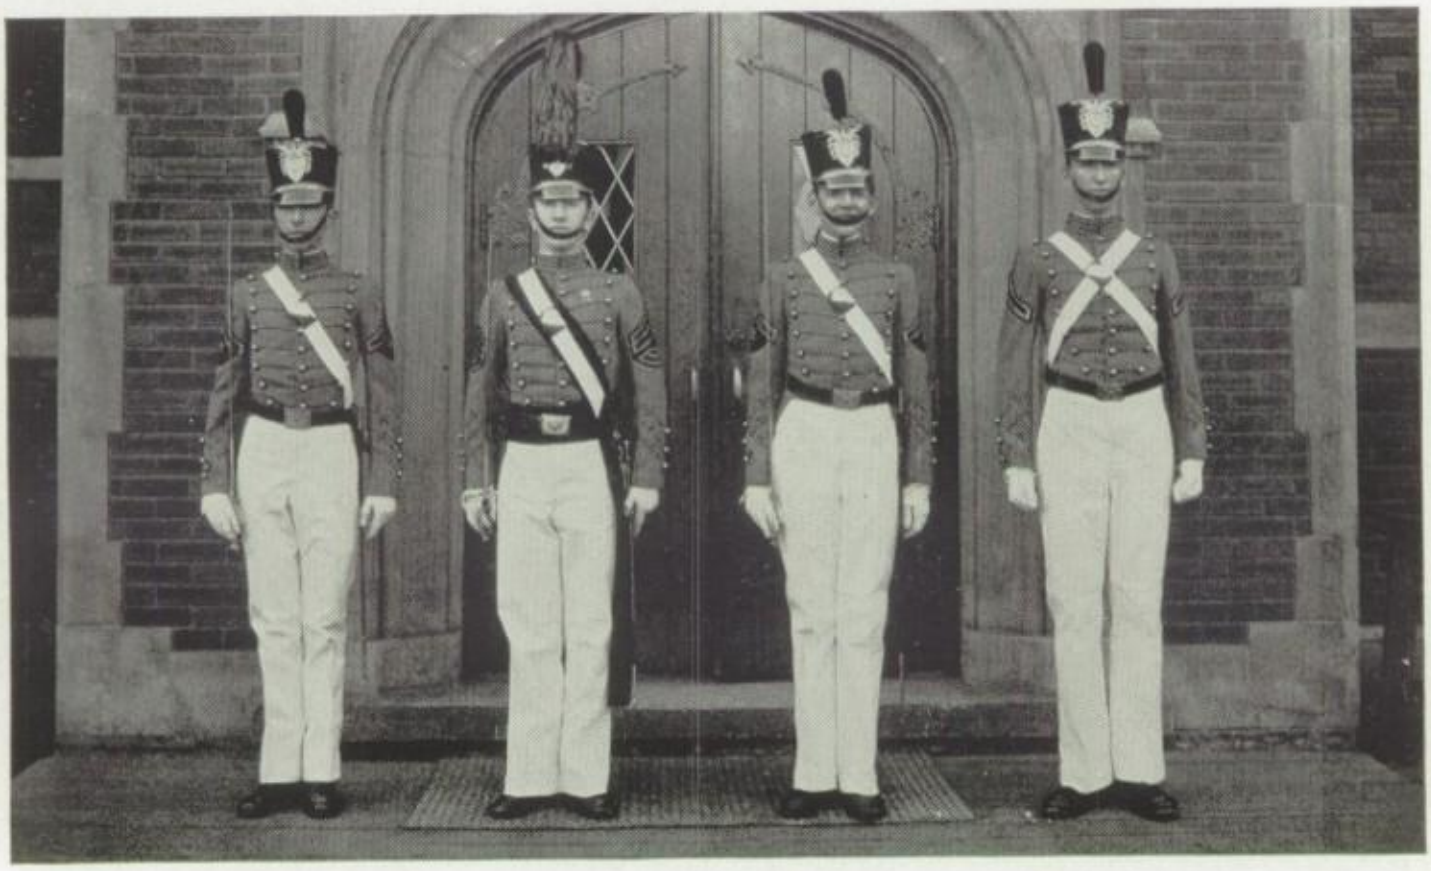
One of the least talked about but most valuable men to our military life is Captain Hirschy. If music is happiness Captain Hirschy puts happiness into our parades.

Captain Knauff

Captain Knauff, a previous Battalion Commander, has taken over the duties of Captain DeGrandpre in keeping "A" Company's bed rails dusted. He also lends counsel to whoever is in charge of drilling units of "A" Company.

Sergeant Nolan

Not only is Sergeant Nolan the adviser for "C" Company but he handles the Sophomore Class very efficiently. He is in charge of the armory and it is always neat and clean. He has seen sixteen years of service.



STAFF, 1930-31

Seymour, Avery, Berzinsky, Innes

Battalion Staff

THIS YEAR the Staff has been small, but it is able to accomplish the work that the larger Staffs have done in previous years. This group of Cadets was selected from various companies and was assigned many duties. It is through their help that the armory is kept neat and clean at all times, rosters are made up and other tasks of this type are cared for. The Staff of this year consists of Lieut. Adjutant Avery, Sergeants Innes, Berzinsky, Seymour, and King.

Cadet Lt. Avery

Lieut. Adjutant Avery supervised the work of the entire staff and attended to such duties as the making up of church and staff rosters which were anything but easy tasks. Sergeants King and Innes attended to the care of the Armory and many were the hours they lost in preparing this for Government Inspection. Sergeants Berzinsky and Seymour were the color bearers.

"A" Company

FOR THE past four years "A" Company has claimed the title of Honor Company and this year Captain Shrewsbury, with the able assistance of Lieutenants Freeman and Fowler is still striving to keep this title.

This year "A" Company won the Company Athletics by a small margin. Under the new leadership of Captain Knauff they are progressing steadily over "B" Company in Military competition. Captain DeGrandpre also is an "A" Company adviser and has been for a number of years, and he knows his military. Ask any "A" Company Cadet!

On the varsity teams "A" contributes a large number of athletes and must be given considerable credit for winning the competition with the loss of these men.

"B" Company

"B" COMPANY, under the leadership of Captain Hansen and his aids-de-camp, Lieutenants Rutkowski and Zimmerman, is carrying the ball well into the enemy's territory. It may be assured that if the point is not made this quarter the ball will be found, by next year's team, well over the fifty yard line and in sight of the goal—Honor Company.

This year's team inherited two great achievements from last year's. The first is the highest grading ever received by any unit of this school in close order drill and the second is the title of Honor Platoon.

CADET-CAPT. HANSEN

If further proof is needed that "B" Company is rising from the slump she fell in four years ago, when she lost the title of Honor Company, please acknowledge the following. "B" Company, during winter activities, emerged victors in heavyweight basketball, tied in baseball, and held the greatest number of points in boxing and wrestling. Also, she contributed the captain of varsity basketball.

"C" Company

ONWARD, ever onward, "C" Company is fast climbing the ladder of achievement to that never attained title of Honor Company.

Under the guidance and capable leadership of Cadet Captain James Riddle, the other companies have begun to look a bit worried for fear of having "C" Company cop the prize. All credit must not be given to the captain because considerable amount is claimed by Lieutenants Watkins and Campbell without whose help "C" Company would have never attained its present standing.

CADET-CAPT. RIDDLE

Last but not least is Sergeant Nolan, whose confidence has inspired "C" Company to loftier goals. Not only in military but in sports is "C" Company represented. On the football and basketball teams a large number of the so-called fighting "daydogs" are seen in the line up.

Fourth Row—Hexter, Ribbentrop, Feil.

The Band

FOR SOME years the band has had more spirit than action, however, Captain Danner and Lieutenant Wiegel have been able to make it a 50-50 proposition.

Nowadays the companies have to figure the band as a rival with as much chance for the "Honor Banner" as the next fellow. Strange to say the organization and military achievements of the band have not been a drain on their musical ability.

CADET-CAPTAIN DANNER

The battalion is bound to admit, like it or not, that on parades the band is still able to put spirit in their step. The band also makes itself known by supplying the orchestra which entertains the corps at Thursday mess.

Just recently the Band has become a separate organization but they have made up for lost time.

Drum and Bugle Corps

THE YEAR 1931 not only makes most of us a year older but also brings forth the second anniversary of the Drum and Bugle Corps.

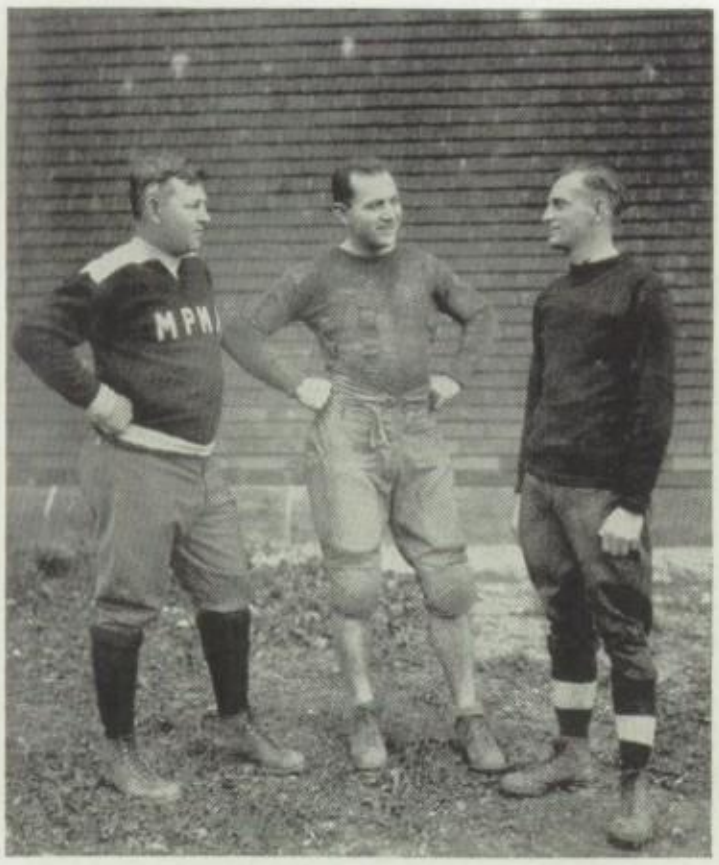
However, in spite of it being only the second anniversary of the Drum and Bugle Corps changes have been made. They have been installed as a part of the band and for some time have been taking special lessons under a regular army man. Also, last but not least, Sergeant Scholler has inherited command of the organization.

CADET-SGT. SCHOLLER

All in all it can be said that the Drum and Bugle Corps has a present as well as a future.

The Drum and Bugle Corps has helped the Band in many ways, on the drill field as well as in Sunday Parades. Sergeant Marsh of Fort Sheridan did quite a bit towards improving them in their work, and much credit is due him for his splendid work. Lastly, Sergeant Scholler, who is in command of them, has done a fine job.

SPORTS



Varsity Team Coaches

Sports Coaches

CAPTAIN FLEMING

ELEVEN YEARS of successful coaching of baseball, basketball and football. This is the enviable record made by Coach Fleming during his time at the Academy. His teams have all been fighters to the very end, teams that though they were on the short end of the score still fought. His teams never stalled, they were always trying to make the score larger, never knowing when they were beaten. This record is one to be proud of, one that any coach or player ought to admire.

Captain Fleming's teams have won local and national prominence. They have been entered in the National Academic tournament in basketball at the University of Wisconsin. Two of the teams have come back with silver basketballs, emblematic of second place. Another team came back with a bronze ball symbolic of third place in the tournament. His 1926 gridders were undefeated and all of his teams have shown their opponents that they are good sports, and a team which is hard to beat. The 1930 basketball team was entered in the National Interscholastic Tournament at the University of Chicago on invitation. Due to the fact that the team was entered at the last minute they were unable to place in the tournament. This shows the respect of the authorities at Chicago of Coach Fleming's prowess as a coach.

Coach Fleming

Many have come from the ranks of Coach Fleming's teams that have gained recognition in college and post-college sports. Among them are: Priess and Garen who played football at Chicago, Priess also pitched; McAfee, Michigan baseball star, first of the Chicago Cubs and now on the pitching staff of the Boston Braves; Cass in football at the U. S. Naval Academy; and "Shorty" Burdick who played tackle at Illinois and who now is a professional wrestler.

MAJOR BOUMA

Major Bouma is known as coach of the

"Fighting Lights," a football team considered as one of the scrappiest at Morgan Park. The 1929 team was undefeated and unscored upon. This is one of the best records for a coach to make. Major also coaches track and his teams have been quite successful for the last two years winning the Mid-west prep conference championship.

Such renowned men have come from Major Bouma's track team as Drogemueller, Hatheway, Barber, and Bob Wallace.

TEAM MANAGERS—1931
First Row—May, Rutkowski, Froemke, Bauer.
Second Row—Kopek, Albert, Craig, Zacharias.

CAPTAIN MAHON

Captain Mahon has been assistant to Coach Fleming in football, this year coached the lightweight basketball team and the varsity baseball squad. His Lights had a fairly successful season and the outlook for the baseball team is good. Captain Mahon coaches the line in football.

MINOR COACHES

Many of the cadets like to participate in the minor sports and others get some of the basic points of the major sports from the bantams and other less important teams. These coaches take just as much pride in their squads as do the other coaches. The following members of the faculty were minor coaches this year: Captain DeGrandpere bantam football; Captain Stillwell, tennis; Captain Hirschy, golf; Mr. Stover, bantam basketball and indoor baseball; Mr. Pimm fencing, boxing and wrestling, also he coaches the junior track teams. Captain Gray helped in basketball by showing some of the players how to shoot free throws.

COACH BOUMA

Each of these coaches forms a link in the chain of the athletic program of Morgan Park. These coaches give the younger and smaller cadets their first bit of high school athletic competition. They form an important part in Colonel Abells' plan to have every cadet in some sort of a physical activity.

TEAM MANAGERS

The team managers play an important part in the working of the teams around Morgan Park. These managers

mark the daily attendance record of each cadet and take care of the teams' equipment, and other special duties that the coach wishes them to do. The managers this year were: Football, heavies, Froemke; lights, May; bantams, Kopek; Basketball heavies, Rutkowski; lights, Zacharias; Baseball, Fowler; Track, Bauer; and boxing and wrestling, Albert.

Froemke did not get the managership of the heavyweights at the beginning of the football season, but succeeded Bauer who decided to go out for football. Rutkowski managed the heavyweight basketball in good style. Bauer, the track manager is getting along well with his corps of assistants. All the managers seemed the same this year and none of them stood out exceptionally well.

The Cheer Leader
Peter Scholler

CHEER LEADERS

The cheering this year was the best it has been for a long time under the able leadership of "Pete" Scholler, "Ernie" Paulsen, and "Bill" Sproul. All of them were full of vim, vigor, and vitality.

Scholler did most of the leading this year due to the fact that Sproul and Paulsen were on the lightweight football squad. The cheering was so loud this year that at one of the basketball games the game was stopped because the noise was so great that the visiting team said that they could not concentrate on the game.

This is merely an incident to show the spirit of the corps. "Skyrockets" were Scholler's favorites. And once he led the corps through the village during their charity football campaign. One of their tasks was to keep the spirit of the corps up even when the score looked bad for our team. The co-operation of the corps, the cheerleaders' pep, and the willingness of the corps to support the teams, made the teams feel that the whole corps was behind them.

Coach Mahon

It is not an easy task, that of being a cheerleader. There is much work and toil to the job. First the cheerleader must be a cadet who the cadets will follow and cooperate with; this is very essential in the making of a good cheerleader. Next he must have enough natural ability so that the corps will have faith in him. The three cheerleaders which we were so fortunate to have this year all possessed these qualities and as a result the cheering throughout the entire year was very good. The school is very fortunate in having all these three men back next year so a bigger and better year of cheering can be looked forward to.

Capt. Elect Graver

1930 Heavyweight Football Review

WHEN THE CURTAIN came down for the 1930-31 football season the Maroon Warriors were embedded in third place of the Mid-West Prep Conference League. It may not be known but the fact remains, however, that the teams of the League were the most evenly matched that the Conference has ever seen. So when the Warriors registered a third place they deserved all due credit for their accomplishment. Out of an eight game schedule they came out the victors in five, the other three lost games were "tough ones" regardless of the score.

Too Much Michigan City

The first game of the season with Michigan City, Indiana, the runner up for the state championship, showed thirty cadets going to play, some of them for the first time in a real high school game. From the beginning it was evident that the opponents were no "set ups." Far from this, it was the kind of team which we are proud to meet. They were composed of seasoned men who greatly outweighed the Maroons. They had a powerful offense united with an airtight defense that proved too strong for our green team.

It will be noticed, however, that all the scoring was done in the first half. The Warriors came back in the second half to hold the opponents even, which was quite an accomplishment considering the strength of the Michigan City team. The game ended with score 19-0. It might be added that the big tackle on Michigan City, Hawayia by name, was an all state choice for his position. "He sure was big!"

Milwaukee Again Is Downed

The following week found our Warriors in the city of Milwaukee, at the high school of the same city by name. It was there that they won their first victory to the tune of 19-7. Combined team work led the way for the first two touchdowns, both scored after steady marches down the field. The third came as the result of a short pass over the goal after another march down the gridiron. Milwaukee's score came as the result of a run from the kickoff by one of their men. He ran unmolested to our goal line for their only score and added the extra point himself.

Captain Sinclair ended his three years of football service in a blaze of glory.

ACTION IN THE BIG CHARITY GAME

Elgin Proves a Stumbling Block to Title

Our first conference game was with the "champs" of the league, none other than Elgin coming from their native soil to combat us. Elgin completed two beautiful forward passes which "were there" in the respect that they netted them thirteen points. Their first score came in the first few minutes of play when an "Elginite" got away for a dash of sixty yards much to the amazement of the spectators. Despite protest the run counted.

After Elgin had scored all their points the game resolved itself into a punting duel with Graver of the Academy having the edge over Capt. Duvall of Elgin. The line was practically "non puncturable," after the nineteen points had been scored, they completely outplayed the Elgin line. Great credit should be given them for their fine piece of work in this encounter. Thus Elgin went home again with the satisfaction of again having defeated their ancient foe but only after a tough battle.

NELSON MEETS THEM

Wayland Again Goes Down

The following Saturday came our next conference foe in the form of Wayland. They traveled all the way from Beaver Dam to our field and when the sixty minutes of play ended they went back to Beaver Dam a badly disheartened group

SMOTHERING A HOWE PLAY

of boys. They went down fighting as they always do regardless of their size. The final score being 14-7 with the Maroons of the Academy in the lead. It was Morgan Park all the way even though a bareheaded "Waylandite" ran sixty yards to a touchdown and added the extra point. Practically all the afternoon the ball was in Wayland's territory in our possession only to lose it by Wayland's sheer aggressiveness. They put up a terrific battle regardless of their size and they deserve a lot of credit.

Ancient Foe Crushed

The Northwestern game proved that the Warriors possessed the typical fighting spirit of Morgan Park. With their backs to the wall most of the afternoon the Maroons fought and fought and finally defeated their traditional rivals of Lake Geneva. We scored when "Chuck" Kozel snagged a pass from "Ribby" and scampered to Northwestern's twelve yard line with the aid of some fine interference. "Grav" added eight more and then "Ribby" scored standing up. The old foes were again dangerous until the last minute of play as they always were. The penalties in this game did not help our team in the least.

Onarga Next in Line for Defeat

The following week we visited that "scrappy bunch" from Onarga who never know die. Onarga was outplayed but we lacked the punch to put it over and had to wait for the "breaks" to come our way. Finally a score came after "Red" Leatham had paved the way for the initial counter

CHARGE, HANSEN!

when he recovered a punt close to the foe's goal line. Soon he, himself, scored and added the extra point. In a very short while the warriors started a march up the field which did not end until "Ribby" went over for the second score of the game. The kick for the extra point was blocked. Then Onarga got busy and scored on a forty yard pass and also added the extra point to make the score 13-7 in our favor. Right then the "Doings" for the day were over and the game ended with no change in score

Ribby Again

Hard to Take

On November fifteenth we took a severe trimming from St. Albans, the runner up for the conference championship who lost their only game to Elgin all year. St. Albans scored first but this was tied with a mighty eighty yard march which netted us seven points to tie the score. From here on St. Albans had pretty much their own way, scoring almost at will. The cadets seemed not able to handle their passing attack at all. The final score was 27-7, thus making the third defeat of the season and the second in the Conference.

Final Game Won Over Howe

Our season closed with Howe Academy of Indiana coming from "their happy hunting grounds" to battle us on the gridiron, with an undefeated team. Much to their regret and to our pleasure they lost by a score of 13-6. The on side kicks that the team had practiced for so long were used to a great advantage in this conflict. They paved the way for both of our touchdowns. Howe scored on a fast double reverse play for their only score of the game. This was an appropriate climax for the season because of Howe's stinging defeat taken by us last year.

Slippery Feil

The Letter Men

Sinclair—"Sinny" was Captain and led the team through a very successful season in the games he was able to play in. Tough luck was with him and he was forced out early in the season never to return to the team.

Graver—"Phil" is the Captain-Elect and great things can be expected from him in the future.

Feil—"Bud" was a great player.

Frank—"Fink" came from the lightweights and carried on the fine reputation which he had left there.

Freeman—"Ray" was one of the fastest men on the entire squad and when he got loose the gain was always from twenty to sixty yards or a touchdown.

Husky Goes

W. Goes—"Wally" was a great fighter.

Hansen—"Jim" has been a star linesman for two years and he upheld this tradition of his this year even more-so.

Haas—"Curly," like Hansen, has been a star linesman for the past two years. However, he was handicapped this year by injuries but he made up for this in the latter part of the season.

Kozel—"Chuckie" carried on his great reputation from the lights to the heavies. He has another year with us, too.

Leatham—"Red" made up for "lost time" when he was injured early in the season at Michigan City.

Morgan—"George" was a great tackler and a fast backfield man. Like Kozel he will be back next year.

Nelson—"Nelly" was as fast on end as has been seen at the Academy for a long time.

Norton—"The tower of strength" is only a sophomore, so just wait!

Philipski—"Clem" proved his worth in the line and it is with much regret that we see him graduate.

Ribbentrop—"Ribby" was a fine quarterback.

W. Smith—"Smitty" won his letter by working "his head off."

Vogel—"Sam" was one of the main factors of the good work in the line.

Wagonseller—"Frank" was necessary to make the team a good one.

Willis—"Zeke" was a surprise but nevertheless surprises that we like.

In closing. The team of this year did not make as many points as the opponents did but nevertheless they were a scrappy outfit always hard to defeat.

Capt. Zimmerman Attacks

1930 Lightweight Season

THE LIGHTWEIGHT football season, although not so successful as the one of last year, had its high spots. In every contest the team lived up to its name of "The Fighting Lights." They had a difficult schedule of seven games, but they emerged the victors in four of the seven, dropping the others by a lone touchdown in each game. The Lights were much lighter than usual, the line averaging about one hundred thirty-eight while the backfield averaged two pounds heavier. With just a little luck they might have continued the winning streak of last year's team. John Zimmerman was the cadet who led the team through all their battles and he handled the job in a very fine style.

Tough Break

After three weeks of intensive training the Ponies, first game took place with Calumet. The conflict turned out to be one of those see-saw affairs, with the odds about even for each team. Finally, however, Calumet forged into the cadets' territory but soon lost possession of the pigskin, as a result Morgan Park was forced to kick and with about a minute of the game left to play they kicked, but this kick was blocked and rolled over the goal line automatically giving Calumet a safety and the necessary two points to win the game. It was a tough one to lose but a game's a game. Much fidgeting and nervousness was due to the first game but this was drawn out in the next contest.

Pullman Downed

With a week's practice and still suffering from the defeat of the previous week the Lights went in to do battle with Pullman with a determination that was not to be set aside. And as a result they won their first victory of the season. Throughout the entire game Pullman was entirely outplayed and they were not given a chance, the Lights holding the situation so well in hand. Although only one touchdown was scored the Lights' superiority was marked.

JOE BURGEL KICKS OFF

THE LIGHTS IN ACTION

Joe Does It

The Lights added victory number two by downing Bloom in a fast, exciting, and thrilling game. Throughout the game it was easy enough for the Ponies to get their downs but getting the ball across the goal line was an entirely different and difficult problem. Bloom was the first to score but late in the third quarter Poulsen scooted around the end for six points to tie the score and it was here that Joe Burgel's "educated toe" first came into prominence. Joe kicked the point and the game was won by a margin of only one point.

This game was the highlight of the Lights' entire season. "Those Fighting Lights," if there was ever such an eleven that made a comeback it was them. Led by twelve points at the half they came back to win the game by two points due to sheer will and determination. This game alone classed the Lights as "great."

Victory Number Three

When Elgin came upon the gridiron they looked very large but when they left they were very small (not physically). This game was a revenge for what the heavies of that school had done to ours and quite a revenge. The Ponies were the superior team throughout the entire game, the score being 13-0 in the Lights favor.

On a field of mud, water, and swampland the Lights suffered their second defeat at the hands of Tilden. Due to the poor condition of the field there was spectacular playing on either side. The game was evenly contested with both teams waiting for a "break." Tilden finally scored and the game ended with them seven points ahead.

On the Chin

The game opened with the Lights making a remarkable march all the way to Bowen's twelve yard line only to lose it on a fumble. Then Bowen started a march which netted them six points, the only score of the game. Bowen held on to their slim margin and won the game. Bowen was supposed to have the strongest lightweight team in the city and we do not doubt it but the fight the Ponies put up was nothing short of wonderful against the overwhelming odds.

*Mid-West Prep Conference Invitation Tournament.

The Heavyweight Season

THE Maroon Warriors had a very good season this year winning eleven games out of seventeen played. The team was composed of one letter man, Rosicky, two former lightweights, Kaplan and Kozel, and two cadets that had a little experience last year, Ribbentrop and Watkins. Very few of the games this year were runaways for the opposing team or for the Morgan Park five. For the most part the team was a very fast, and this factor was a vital one in the team's scoring powers.

Initial Game With De La Salle

The varsity lost their first game of the season to De La Salle by a score of 31-28. The fouls called against the Maroon five gave the Catholic Champs fifteen points.

In one of the closest and tightest games of the season the Maroon Warriors beat Onarga by a score of 38-31. The score was tie 30-30 in the fourth quarter when the Warriors cut loose and made eight points. But Onarga had its revenge and whipped the cadet five to the tune of 28-16 later in the season. The Maroon Warriors had the lead at the end of the first quarter, but lost in the second and never recovered it.

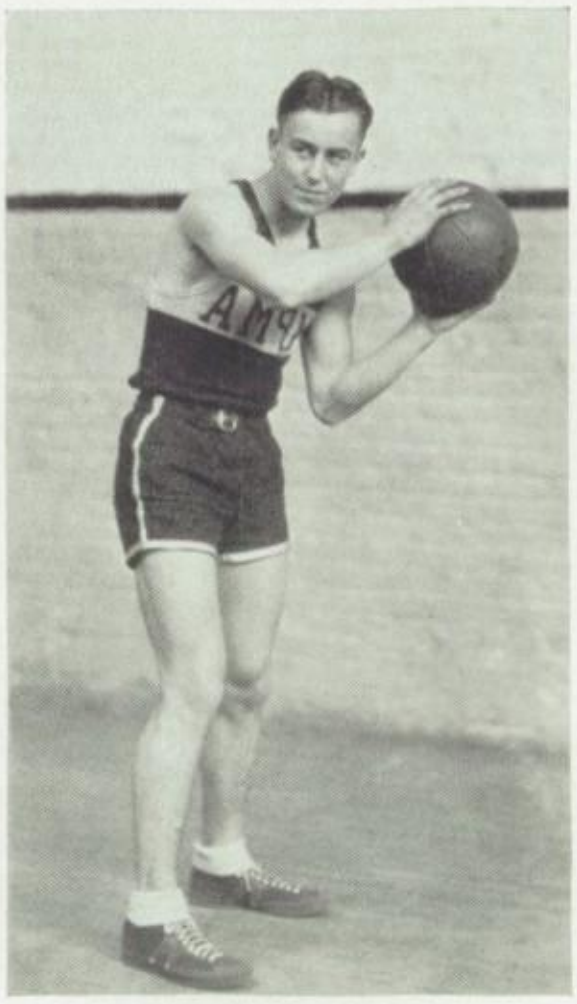
St. Albans Downed

For their second conference game the varsity whipped St. Albans 35-31. This game was the one where the Maroon quintet showed their stamina by overcoming a lead of ten points which St. Albans had at the end of the first quarter. At the half the Saints were leading by four points. Each team scored over ten points in the fourth quarter but the Maroons won by a four point lead. Later on in the season St. Albans defeated the cadets 20-30. The Saints took the lead immediately and held it throughout the game.

Split Even with Lake Forest

Lake Forest beat the Morgan Park five by a score of 25-13. The team was sluggish but showed signs of pep in the second half. But the Maroons avenged this to the tune of 27-23. The team showed speed and a good eye for the basket.

Harvard was defeated 32-19 in one of the roughest games of the season. Kaplan showed his ability by scoring twenty points. The worst defeat of the season was later handed to the Warriors by this same team on their own floor. The score was 43-16 in Harvard's favor.



CAPTAIN "ED"

Take Conference Lead

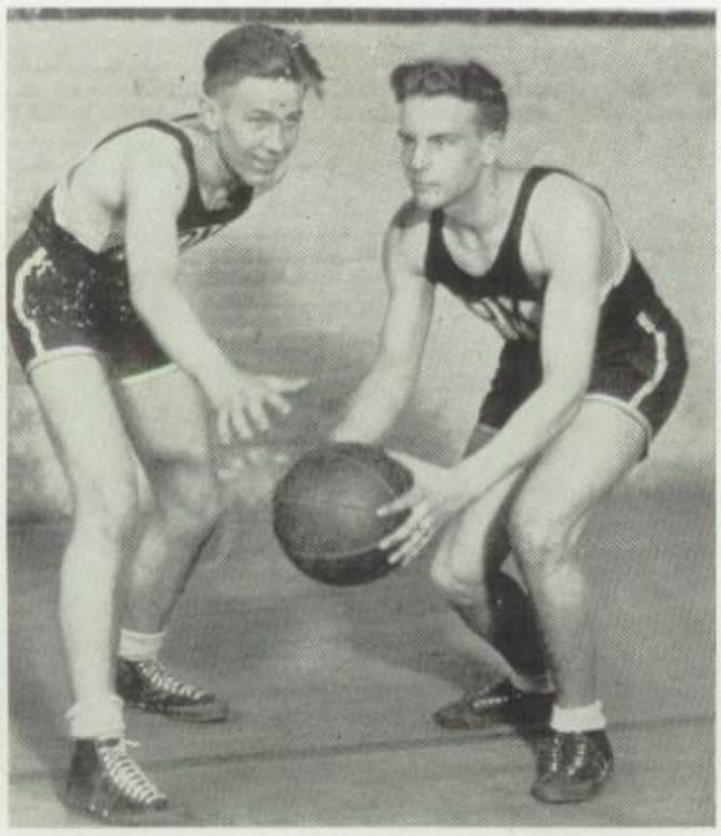
The cadets defeated Elgin and took the lead in the conference. It was a fast game and the final score was 29-22 in M.P.M.A.'s favor. Elgin led by one point at the end of the first quarter, but this was overcome and the Warriors maintained their lead throughout the game. The Elgin team pulled a surprise on the Warriors the next time that we played them. The cadets were in the lead by one point in the first quarter, by four points in the second quarter and four in the third. But Elgin woke up and took the lead, winning by a score of 22-20.

The Maroon Warriors defeated Wayland three times. On our own hardwood 22-18, on Wayland's floor 31-26 and also in the tournament. The game at Beaver Dam was one that contained much action. Wayland crept up within one point of the Morgan Park team, but got no farther.

The last regular game of the season was with our traditional rivals, Northwestern Academy. The Warriors defeated them 20-13. This game was played mainly in Morgan Park's half of the floor, although the game was a fast one.

The Tournament

The cadet five won their first game in the first round of the invitation tournament at Sycamore, Illinois. They beat Central Y. Day School 21-14. The game was Morgan Park's from the beginning. It was a slow, uninteresting game. Frank Nevrkla sprained his ankle in this encounter and was lost to the team for the rest of the tournament. Wayland was next downed to the tune of 31-22. Fischer played in place of Kaplan this game and was high point man with eleven points, Rosicky was next with ten points to his credit. Then the Warriors were beaten out of first place by the team they had whipped the week before, Northwestern Military and Naval Academy. The zone defense of Northwestern seemed to be a Waterloo to the cadet quintet. Out of twenty chances for free throws only seven were sunk. The final score was 23-17 in favor of Northwestern.



Two Strong Factors

Considering the inexperience, the handicaps, and the strain under which the team played, they deserve a world of credit for their fine showing throughout the entire season. When the team was on the floor full strength they were as dangerous an opponent as anyone could find in the city.

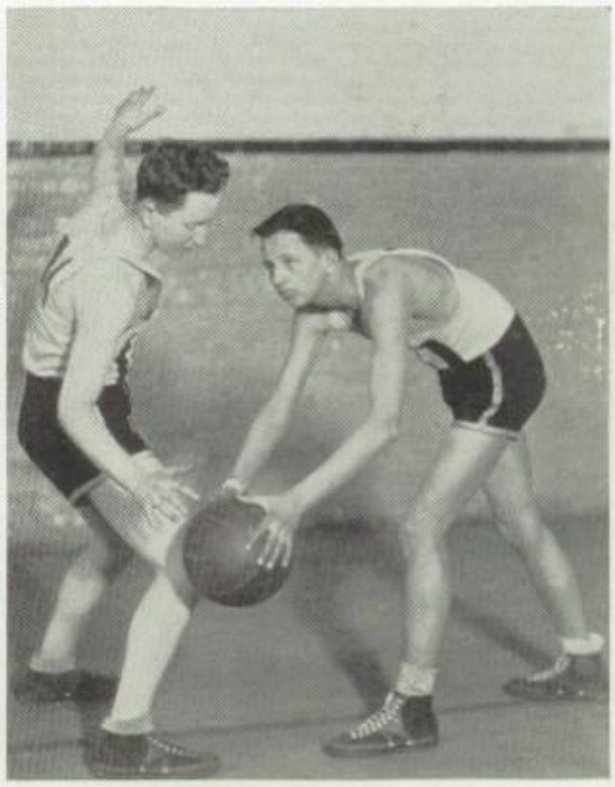
The 1930 Lightweight Season

"THOSE Fighting Lights;" only this time in basketball. Our pony team this year was typified by its fight, spirit, and the co-operation of its players. It was one of the best passing lightweight basketball teams that has ever worn a Morgan Park uniform. All of these qualities are results of excellent coaching and drilling of the players, and this time due credit and honor must be paid to Captain Mahon, under whose guidance the Lights brought forth a very successful season.

The Lights dropped the opening game to a more experienced quintet from Fenger High, the score being 26-12. From then on it was a bit disastrous for the lightweights' opponents. In the remainder of the season our Ponies were superior to their opponents in every contest; although they dropped three more battles by very close scores. Ray Fischer at center, was the leading scorer for the Lights, while Eich and Morgan were two very able forwards who scored plenty. Eich was quite a capable ball handler, and it was a result of his passing and the shooting of Morgan, his running mate, which won many games. At guards, Scott and Avery showed their ability. With Gately relieving Fischer, Schwab and Grau relieving Eich and Morgan, Kimbell and Rosicky taking the place of Scott and Avery, a capable outfit was formed with the first team off the floor. With nine victories and four defeats the Lights closed the season in that typical lightweight fashion.

Let us "harp" a bit on a few games of the past season. First let us take the Elgin conflicts. In the first encounter the Lights were victorious by a wide margin due to their combined speed and exceptionally good co-operation. Even though Elgin had a great advantage of size. However in the second encounter between the two schools Elgin emerged the victors due to the Lights "off day" and the loss of Fischer.

Harvard and De La Salle were "easy markers" for the Lights, each being "taken into camp" by at least twenty points. The Ponies split even with Onarga, losing a "heartbreaker" at the Academy, only to journey to Onarga and give them a sound trimming. St. Albans also fell before the swift passing attack of the Ponies and were forced to take a defeat even though they tried very hard to defeat us. They were again victors against Luther in a basketball game that was undecided until the last few minutes of play. These were the "high spots" in the Lights' record of the past basketball season.



AVERY AND EICH

Summing it all up the Lights deserve a world of credit because they accomplished a task which was not easy. In all respects we, the corps, think the lightweight basketball team of this year was one of the finest ever produced at the Academy, and we take this opportunity to congratulate the team and coach Mahon on their co-operation and splendid work of the past season.

1930 Baseball Season

As usual a large score of cadets appeared as prospects for the baseball team immediately after the spring vacation, but unfortunately many were cut, as is the customary procedure. Out of a total mark of ten games, we reached a total of four games won. Nevertheless, the one fine characteristic of the Maroon ball club was that they did their utmost in each game with the material available. The main defect of the team was the standard of hitting. This was the lowest of many seasons. But it was evident that the good fielding, pitching, and "scrap" that the team possessed throughout the entire season proved a helpfulness to their weaknesses.

Captain "Rube"

Before discussing the contests of last season let us take the opportunity of paying full respect to Reuben Miller, who captained the team through its victories and defeats. "Rube" was one of the classiest ball players the school has ever seen in action, as well as being a fine athlete in the other sports. When "Rube" left there was a large gap to fill in the athletic line at the Academy.

Bowen Proves to be a Stumbling Block

April 26th saw our cadet nine in their first defeat with Bowen High by a score of 7-5. Our defeat was made possible by the grouping of Bowen's hits and few but costly errors. Good fielding and pitching in the remainder of the game held Bowen to an almost scoreless exit. Hitting credit was awarded to Miller and Sinclair, who batted in all of the runs.

Victory Number One

The Maroons on May 3rd, finally won their first victory of the season when they defeated East Chicago to the tune of 7-5. A close tie of five to five ranged throughout the entire game until the ninth inning when "Stan" Kaplan banged a "homer" to left field, scoring Miller ahead of him.

Lake Forest Too Much

Another defeat was endured by the cadet nine, when they received a set back at the hands of the Lake Forest College Frosh team, on the latter's field, Saturday, May 10th. The cadets got off to a good start but due to an excess of errors they were unable to maintain their lead. The game ending 7-5 against the Maroon nine.

Catcher Sinclair

Cadet Bats "Wax Eloquent"

Victory number two followed May 6th, when our team easily downed Luther's attack, in a runaway. Luther's pitchers seemed "mere toys" to our batsmen as the score indicates. The final score being 20-0. The game was played on the home field, Tuesday, May 6th.

Pullman Keeps Up Tradition

The worst game for the Maroons last season was when they fell before Pullman by a score of 8-3. A very close game continued until the sixth inning, when a good ball game gave way to a "comedy of errors," Pullman scoring seven runs. The game was played on the home grounds. The second game was much a reversal of the first even though the cadets began the game with a determination of victory. A good start in the beginning gave our boys much confidence, and although six hits were enjoyed by each team, Pullman outplayed the cadets and won the game 6-3, due to exceptionally clever base running and timely hits.

LaGrange Wields "Mean Sticks"

On May 17th our boys went to La Grange only to lose again by a score of 13-6. Prospects were high in the first inning when Guy Sinclair poled out a homer to start the game but the going soon became very rough for the cadets. Because in the fifth inning the La Grange team were allowed seven runs. The cadets' last effort took place in the last inning when three hits were made to score one tally.

Lake Forest Fails This Time

The Maroons came back strong to win a game from Lake Forest Freshman, 4-3. Tired of defeat the team came out of their slump in a very convincing manner, with good support, timed pitching, and good hitting. The game was won in the last inning by a one run rally. The game was played on the home field, May 21st.

Bloom Downed

Determined and hungry for victory the varsity nine downed Bloom in a remarkable fielding game. The score being 13-9. Though Bloom threatened in the first part of the game the cadets were always able to withstand these frequent assaults and they continued to hold their lead until the end of the ninth inning. It might be added that the hitting and fielding of this game was the best the nine displayed throughout the entire season. In closing we all think that the team was just beginning to stand on its own when the season ended. Although their percentage was not the best the team certainly deserves a lot of credit for the fight and spirit which they displayed regardless of the handicaps.

The Track Record

THE 1930 track team won five track meets, including the Mid-West prep conference championship, and lost one. This was the second year that the track team has won the conference championship. The team, under the able coaching of Major Bouma and the leadership of Captain Bill Freeman, turned out an exceptionally good outfit. All through the season the squad looked like championship material, and only once during the season was their superiority overcome, and this was by De Paul. The team repeated last year's team's record in the number of meets lost and won.

Fenger Sunk

The first tilt of the season was a run-away. Owing to adverse weather conditions no records were seriously threatened. Fenger was the team that went down in defeat by a score of 82½ to 23½. The cadets took eight out of eleven firsts. This was the first meet in which Danner showed his ability with the shot.

Lose to De Paul

Under very poor weather conditions the track team lost its only meet to De Paul. We only took two out of eleven firsts. These being Groebe in the mile and Bill Kuss in the pole vault. In two events we did not place at all.

Blue Island Swamped

Blue Island next went down in defeat to the M.P.M.A. tracksters to the tune of 85-28. We took eleven out of thirteen firsts. Ray Freeman was the high point man of the day, garnering fourteen points. Lawrie surprised everybody by soaring over the bar in the pole vault at ten feet. The relay team was very, very fast and placed first.

Groebe Breaks Record

Bloom was then added to the cadet track team's list of conquered foes, this time the score was 66-47. The team took eight out of twelve first places. The team from Morgan Park showed their superiority throughout the meet over their opponents. Lawrie kept going higher in the pole vault and won it at eleven feet.

Groebe Holds Mile Record

Close Meet with Loyola

In the closest meet of the season the Maroon track team defeated Loyola Academy by a score of 49⅙ to 40⅚. In this meet William Groebe unofficially broke the school record for the mile. This was not counted, however, because Groebe did not place first in the event.

Win Mid-West Meet

Then the Morgan Park cindermen won the Mid-West prep conference championship at Stagg field.

Their closest opponents were Wayland with 39¾ points. In this meet "Bill" Groebe threatened the school mile record by two seconds, his time being four minutes, fifty-two and six tenths seconds. Bill Freeman tied the conference 440 record at fifty four and seven tenths seconds. Ralph Bouma as per usual placed first in the low hurdles and second in the high hurdles. Paulsen won first place in the high jump at five feet seven inches and surprised everybody. Morgan Park took all three places in the broad jump. And finally the M.P.M.A. tracksters won the relay in good style.

DURING the past few years the Rifle Team has been steadily improving under the efficient guidance of Sergeant Nolan. In the fall much time was spent in learning the fundamental principles of firing. Every afternoon the members of the team are either firing on the range or putting in an hour of hard dry shooting. This year the Rifle Team went to St. John's Military Academy and shot its first match away from school. Although slightly outpointed, the team made a very commendable showing against their stronger opponents. The team and its coach deserve much credit for what they have done.

In the important match of the year, the Hearst Trophy Match, instead of having only five men shoot, the entire team shot in the match. This gave everybody an equal chance for honors. At the time of this writing the results of the match had not been announced.

C. Smith Graver Catch Poulsen

THE SEASON of 1930 was a good one for the golf team of the Academy. Matches were played with the following schools: Lake Forest Academy, Y.M.C.A. Day School, Thornton H. S., and one or two practice matches. The team finished with a percentage of five hundred, winning two and losing two.

Carlton Smith was captain of the team and played number one position, Graver was the number two player, Catch number three, and Poulsen number four. The way the scoring was done in the matches was this: one point was allotted for each nine and one point for the total score; this meant that the most number of points a man could garner would be three. "Smitty," the captain, did not suffer defeat once throughout the entire season, a good record inasmuch as he played the best all the opponents could offer.

The cadets were handicapped by the lack of practice for they were only able to get out to practice twice a week and sometimes only once. Captain Hirschy was the coach of the team and he deserves credit for his wonderful encouragement when some of his team had "off days."

DUE TO bad weather the tennis team of 1930 was not able to get started until late in the season and consequently they were not up to their par during the entire season.

Captain Fleming was coach and Marshall Levy was captain of the team. The Senior team was limited to four men. Captain Levy played No. 1 man, Greenman No. 2 man, Peairs No. 3 man, and Shrewsbury No. 4 man. The Junior team was also limited to four men. Gately as No. 1 man, Huber No. 2 man, Arcus No. 3 man and Jennings No. 4 man.

The first meet was the Mid-West Prep Tournament with Elgin, Wayland, and Morgan Park competing. Wayland won the singles, Elgin placing second. Elgin won the doubles, Morgan Park placing second.

A month later they had a meet with Howe, at Howe. Howe won all matches, although they were hard won. Because there were only two meets there were no emblems given, as there is a required number of meets to be played to win an emblem.

The 1931 Wrestling Team

THE WRESTLING team this year was very successful, even though it lost all of its matches. However, this initial experience was valuable. Mr. Pimm has been doing all in his power to help the team, and the result was that they steadily showed improvement. They had three bouts: South Chicago Y.M.C.A., at South Chicago; South Chicago Y.M.C.A. at M.P.; and M.P. High School at Empehi.

The 1931 Boxing Team

This year's boxing team is the best we have ever had for a long while. These cadets have been improving rapidly under Mr. Pimm's direction and with Manager Craig's aid. The boxing bouts, together with wrestling and fencing matches, have proven very exciting between halves at home basketball games. As yet, it has won no matches, losing in the first event to be scheduled with outside teams. They had the following matches: S. Chicago Y.M.C.A. at M.P.M.A.; M.P.M.A. at S. Chicago; M.P. High School at Empehi.

The Intramural Sports Season

Manager—SEYMOUR

THE COMPANY competition ended for the year 1930-1931, in so far as athletic intramural competition was concerned with "A" Company as the victors by a good seventy-five points, inasmuch as they had two teams of championship caliber.

The "A" Company Lights under the leadership of "Jack" Catch were the only undefeated basketball team of the league. Even though they were unable to practice much, the type of game which they played was very fine. The "A" bantams played in tough luck losing their last game to "B". Brekke was the leader of this team as well as the high point scorer. John Zimmerman led the "B" Heavies through their season which was only marked with one defeat. In fencing, "B" held a commanding lead with Albert and Andrade perhaps the two best fencers in school and both from "B". In the baseball and volley ball games the scores were about even, with "A" having a slight advantage in both.

Summing it all up this season of intramural competition was one of the best in the history of the Academy inasmuch as all companys were represented by teams well above the average. At the beginning of the season the three companies were very close together in the scoring column but soon "A" forged ahead and from then on every day they kept increasing their lead, very seldom losing ground. It might be added that for the past four or five years "A" Company has won this competition and they duplicated this feat this year even by a larger margin.

THE GUARDIANS, the honor organization of the Academy, have done some exceptionally good work this year. Casimir Rutkowski was the head of the group for the first semester, and then James Riddle took the president's chair for the second semester.

Many were the achievements they put across this year. The greatest was probably successfully floating a Charity Football Game; the donation and upkeep of five families is another good deed of theirs. They also introduced the Open House Week-End something that has never been considered before at the Academy.

"RESOLVED that the Chain Stores are detrimental to the best interest of the American Public," is the question which the teams debated on this year.

The negative team under the guidance of Captain Snashall did very well indeed, for they won all of their debates.

The affirmative team under Captain Farmer had the hardest side of the question. Farmer, together with Raymond Watkins and Robert Cleveland, won one out of three debates.

Competition in the State Debate League was keen this year, although the team won two out of its three League contests. Captain Stillwell's close cooperation was of great assistance of the team members.

Under this kind of a Staff the paper has forged ahead, always having its members working together in order to improve its already high standard.

THE STAFF has completed a real hard task. A task that every Junior Class has to attend to, for it is the duty and responsibility of the class to put out the year book. Of course every year each Junior Class tries to outdo the last book; but this one beats them all.

CATCH, EDITOR

This year's Staff thought of new ideas and left the old style of laying out the book and introduced a new one. Under the leadership of Editor Catch and Assistant Editors Cleveland and Gately, the book has plowed ahead to a new goal. Manager Mohr surmounted big odds.

Mr. Price has spent many years and hours in aiding the year book Staff.

HOURS of hard work and practice have made this organization a decent dance orchestra. Captain Hirschy has constantly worked with them and his fine results were seen when the boys played in the Minstrel Show.

The boys entertain the Cadet Corps every Thursday night when they play during Mess III. But one has to hear Lavery get going on his cornet before commenting; can this fellow play is the only story we can tell you for music is stronger than words.

Riddle at the piano knows what to do when "jazz" is wished and at that word you will see Morgan handle the drums like a regular "vet." They made a real hit when they played at the dance following the Winter Music Festival. Alumni Hall was packed that night and many to the "staggs" would be found, hanging around the orchestra.

CAPTAIN HIRSCHY this year organized a Classical Orchestra. The members get together one night a week and practice the simpler songs in the Classical field.

The orchestra played before the Corps and the hand it received was enough reward for anyone after the hard practice it had gone through. The appearances of the orchestra in the two music festivals were well received.

Many of the members will return next year and under Manager Hexter we ought to have a "bang up" Classical Orchestra.

CAPTAIN PAYNE certainly can bring forth swaying voices from rough and ready cadets. This statement is easily proven when the Glee Club gets together for a little friendly gathering. They have entertained the Cadet Corps many times during Mess III.

Once a week the club gets together to practice favorites. Not one person can readily say that there isn't something in some of those voices. There may have not been much there in the beginning but through Captain Payne's skillful coaching something worth-while has developed.

They received a great hand during the Minstrel Show when they sang a group of songs. The club to date numbers some twelve members.

The best in the group and the ones to compose the famous quartet are Tennyson, Arcus, Greenman and Reid.

The 1931 Minstrel Show

Director—Mr. Hutchins *Faculty Manager*—Major Bouma

Cadet Manager—F. Haas *Interlocutor*—Danner

THE 26th Annual Minstrel Show proved to be the best in a long time. John Danner as Master of Ceremonies kept the show going at a good clip. He also did a fine job of singing.

The original idea of having the finale as the opening part of the show was very impressive as well as new. The scenery was very excellent and many were the remarks as to the skillful way in which everything was done and handled.

The entire show was a huge success and much of the credit goes to Mr. Hutchins of the Rogers Production Company. Mrs. Cook also spent a good deal of time and patience in playing the piano during rehearsals.

One of the big hits was the jail scene in which the colored endmen sang "The Prisoner's Song" in a typical prisoner fashion. Some of the songsters that received much praise for their crowing are: Bob Cleveland who felt exceptionally sure when he sang "My Baby Just Cares for Me," "Dave" Priess who was really melancholy when he spilled "I Ain't Got Nobody," "Leroy" Froemke who sure lost his pants while singing "Here Comes Emily Brown," Fowler who has an idea of his girl in "Sweet Jenny Lee," "Guy" Sinclair who was made rich while singing "Tears," and "Red" Leatham who certainly shook the walls when singing "Shoo the Hoo Doo Away."

MAKING PLANES
Nugent, Burrell, Le Vee

The Aero Club

Faculty Adviser—CAPT. KNAUFF

THIS IS the first year that this club has met; and it seems to have proven to be quite a success with the cadets. Mr. Rappold takes charge of the Aero Club and relates to them many interesting facts about the aeroplane and the art in building one. Many thought it was a simple matter to build a model aeroplane but when they got started they saw that it was touchy business as well as very interesting work.

Many are the planes hanging in the rooms of the aero club members, some ready to take off, others as though they had been in a crash. No one sport is more enjoyable than to build a decent working model plane. And these boys have successfully done it.

The Classical Club

Faculty Adviser—CAPT. MCINTOSH

THIS CLUB under the guidance of Captain McIntosh has advanced into its second year and has now become traditional. The members under Consul Gately discuss many interesting subjects dealing with the Romans and Greeks.

Any member in the club would say that it is an unusual work to get into. They have taken trips to interesting places in the city and many are the fine reports they bring back with them.

CLASSICAL CLUB—1930-31
Groebe, Schwab, Saunders, Kuh, Smith, Gately, Huber, K. King, Berzinsky, Capt. McIntosh.

The Stamp Club

Faculty Adviser—Capt. Kling

Stamp Collectors
Seigel, Vinje, Pomeranc

THE SECOND year has passed during which the Stamp Club has faithfully met once a week. Captain Kling takes charge of the club and many interesting pointers on stamps does he give to the boys. Everyone really takes an interest and their auction sales are exceptionally entertaining to listen to.

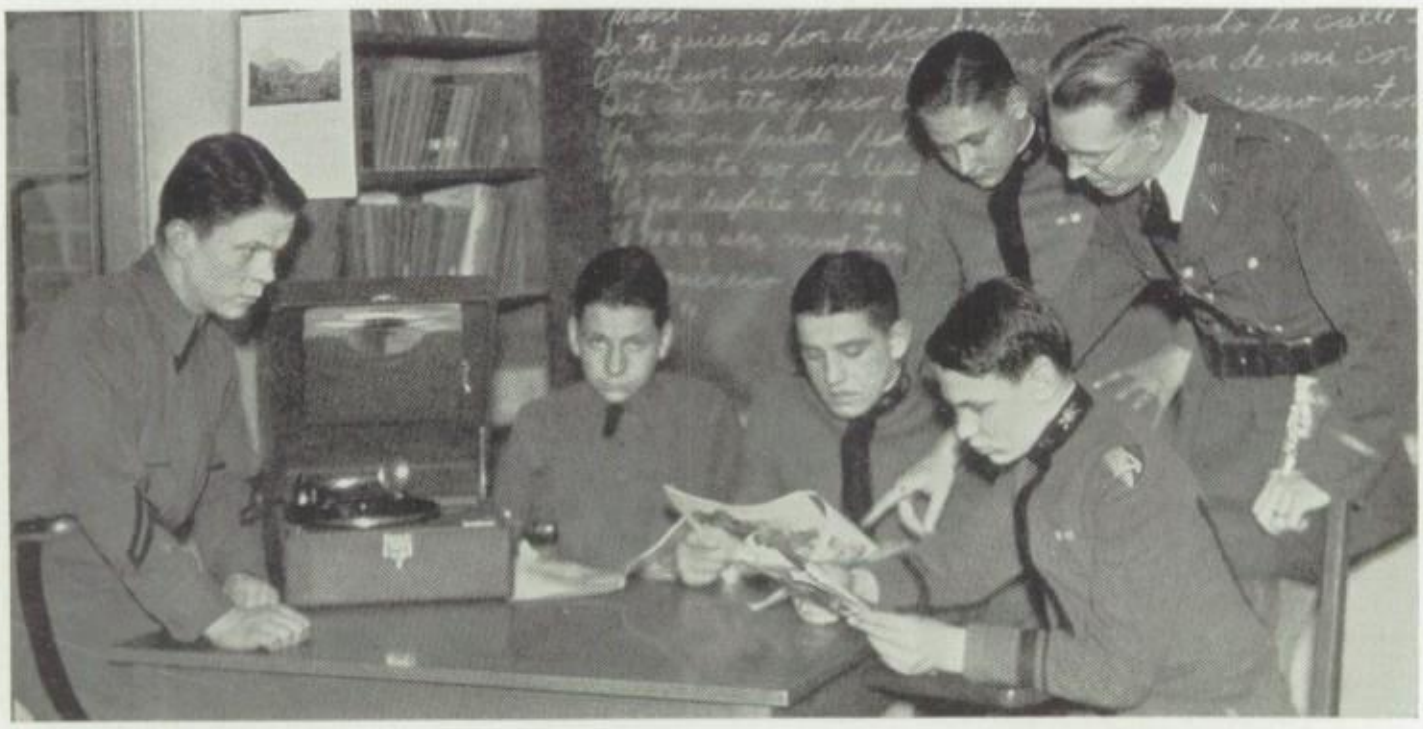
They have been addressed by several experts on various coins and stamps. Every day you can see some of the members running around in a big hurry with stamps all over them. Many times the boys have gone down to the city to participate in some stamp sales and have taken active parts in the bidding.

The French and Spanish Clubs

Faculty Advisers—Capt. Paul, Mr. Houpert

THE FRENCH CLUB is also in its second year. Mr. Houpert has done many things in order to improve the hour during which the Club meets. During the period in which the French Club has met, there has been the finest of well planned programs, for Captain Paul knows what students studying French like most.

The Spanish Club has many Spanish speaking members and they have brought a real Castilian flavor to the gatherings. Games, Spanish Music, posters and Spanish literature make the weekly meeting entertaining.



SPANISH CLUB—1930-31

R. Kimbell, Shrewsbury, Pontarelli, Edwards, Capt. Paul

The Art Club

Sponsor—Mrs. H. G. Price

A FEW of the fellows in the school asked for an Art Club and as there were enough the club was formed. They are instructed in drawing skillfully and intelligently by Mrs. H. G. Price, who sponsored the project.

Quite a few are really good and have talent for drawing. As a result of this the club has proven to be a very beneficial thing to its members.

The Reading Club

Faculty Adviser—Capt. Stillwell

ANOTHER of the minor clubs organized this year is the Reading Club. Each cadet in the club contributed books and in the end they had quite a well stocked library of popular literature. They talk about the best sellers and of the best way to read to be able to tell a good piece of work from a fair one.

They meet in the Alumni Hall in their own little room. This being decorated to suit their purposes by contributions of members.

The Bridge Club

Faculty Adviser—Capt. Dodd

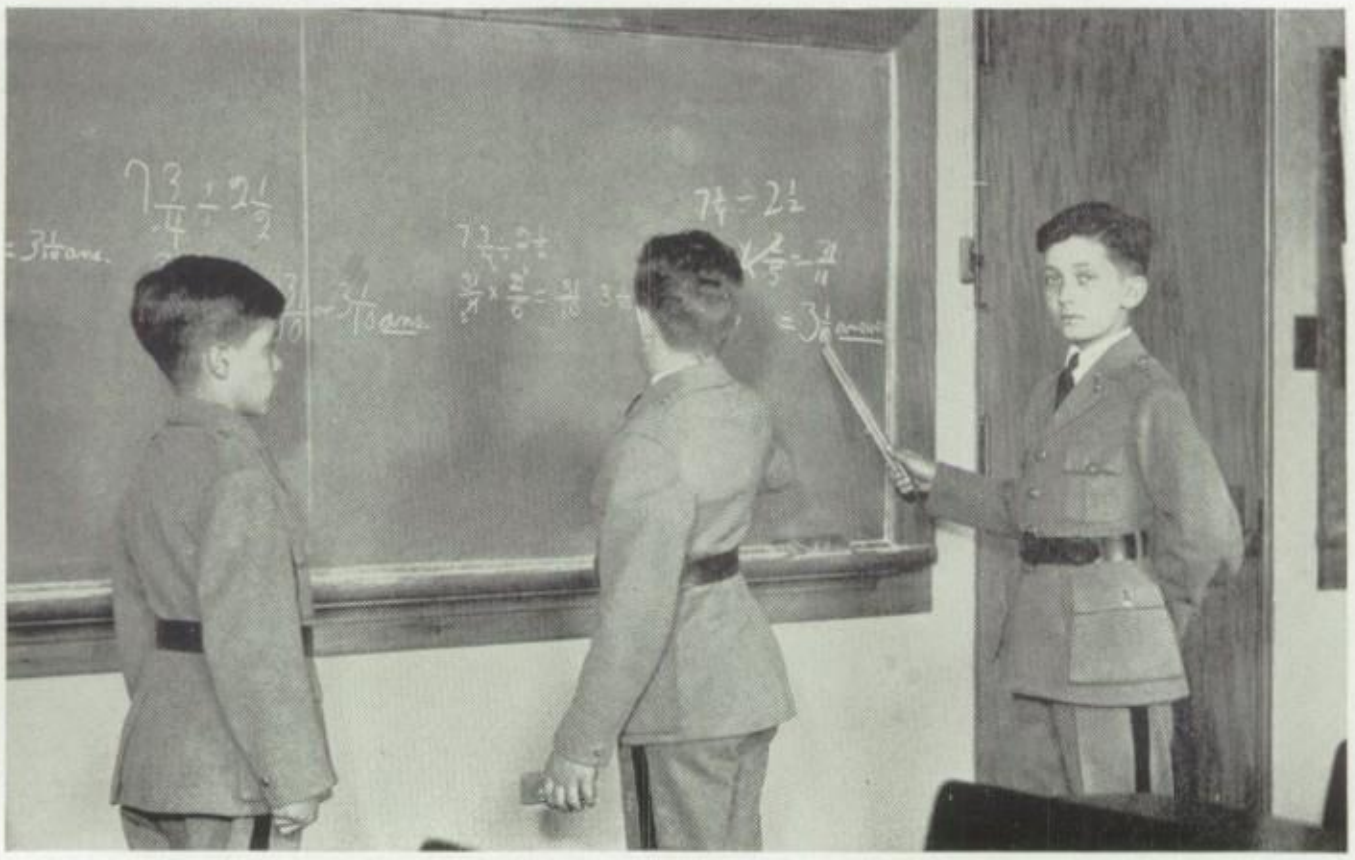
THIS IS also the first year for the Bridge Club. It is headed by Capt. Dodd and he now has quite a few members who wish to learn more about the game.

Every Tuesday night the club meets up in the Club Room in Alumni Hall. Here the group is divided into separate tables and the boys play bridge for one hour. Capt. Dodd paces up and down helping some of the cadets decide on whether to bid Hearts or No Trump. The presence of faculty ladies adds social training to the evenings' fun.

Oratory

Faculty Adviser—Capt. Stillwell

THIS ACTIVITY is extremely interesting and also hard work. It is not very easy to write up speeches as they all had to do. Cadet Goldman achieved a great honor when he was rewarded for his placing first in the first part of the Daily News Oratorical Contest. Watkins and Farmer placed second and third respectively. Goldman late in the season was headed for other honors.



LOWER SCHOOL

Captain Mayhew, L. S. Principal.

Captain Herman Mayhew
Principal of the Lower School

THE PRINCIPAL of the Lower School, Captain Mayhew, has been at Morgan Park thirteen years and of these, twelve have been spent as principal of the grammar school. He knows his job for he knows boys. He has a way of handling boys that holds above them the ideals of fairness and honor by treating them fairly and honorably. He has patience for the pranks and deviltries of the cadets when committed and when the reprimand is over a new chance and a clean slate is given. Then the matter is dismissed.

Captain Mayhew has a way of planning things for the smaller boys and his many schemes afford amusement and pleasure for everyone. He is always getting things for the Lower School and arranging excellent Sunday night entertainments. Many other things can be said of Captain Mayhew but above all he stands out in his fair and square attitude.

CAPTAIN ELMER T. WILSON
Eighth Grade

This captain is one of the two oldest members in years of service on the faculty of the Lower School. His job, besides teaching geography, is helping the fellows learn bantam weight football, basketball, and baseball. He is also the tactical officer of the school, and conducts the boys in military drill.

CAPTAIN HAROLD M. ELLIOTT
Seventh Grade

This captain, the other old-timer on the faculty, teaches many of the sports taught in our school. When not spending his time in the athletic line he teaches the boys the dreaded subject, arithmetic.

CAPTAIN WILLIAM N. WISE
Seventh Grade

To Captain Wise falls the task of teaching the boys literature, English, history, and also finding plenty of homework to keep the boys very busy. This work is surely enough to keep the captain busy, so he does not have a chance to enter the athletic work.

CAPTAIN BUREN N. SCOTT
Fifth Grade

Captain Scott is a new member of this year's faculty. He is in charge of the fifth grade, and has organized the Lower School's first band and orchestra. When not teaching school work, or music, he conducts nature tours with a few cadets.

CAPTAIN CHESTER A. PRATT
Sixth Grade

Captain Pratt takes an interest in all the sports conducted at Morgan Park although he was new to the faculty this winter. He coached the sixth graders in basketball and is getting up a baseball team for the Lower School.

MRS. EDNA GOTHAM
House Mother

Mrs. Gotham is the matron in the Lower School and her small parties and many good and jolly times have made her the haven for homesick boys. No lonely boy gets by her without a friendly smile or a motherly hug.

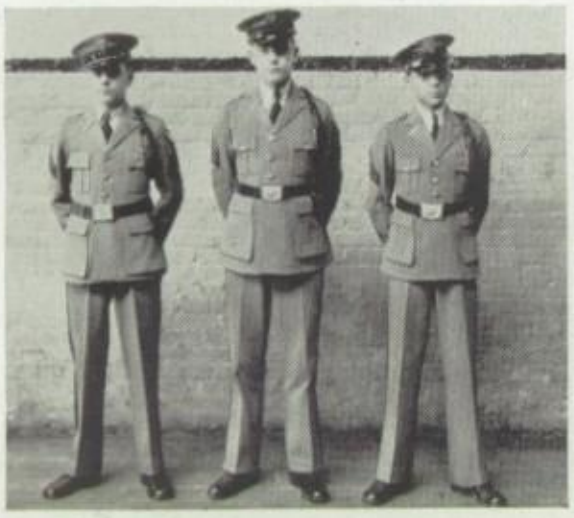
Jorgensen	*Secretary-Treasurer*
Shay	*Sergeant at Arms*
Captain Wilson	*Faculty Adviser*

MANY of the leaders in the Lower School will pass up into the Upper School with the graduation of this class. A summary of some of their activities follows.

Slader, DeMato, and Sauer confine themselves to athletics. Sproul is company commander and active in track. Jorgensen is a star in sports. McKnight goes in for astronomy and can be seen any night hanging out of his window star gazing. Marks finds joy in writing for the NEWS. Leatzow is distinguished in the military work, while his sideline is declamation. Giovan, Shay, Bydalek and Kartheiser all find their pleasure in athletics.

Deubert is the golf fiend. Urban chases butterflies while Black hunts and collects stamps. Drabeck and Sigman spend their spare moments pestering others while DiLorenzo and Hinn love their sports.



COMMISSIONED OFFICERS
R. Leatzow, Sproul, Giovan

Military Tactics

THE LOWER SCHOOL military unit consists of one company under the leadership of Sproul which is divided into two platoons, the first of which is led by R. Leatzow and the other by Giovan. The non-commissioned officers ably assist those in command.

Captain Wilson, has worked hard to organize a smooth working unit and has received cooperation from Captain Driggers who has spent much time in explaining the execution of various movements.

WHEN the Lower School football team reported to Captain Elliott in the fall it was found that only two letter men were among the candidates. However, in spite of the lack of experience the team made a creditable showing. Many of the members of this squad are expected to make good in the Upper School.

The two contests with the Onarga eleven were the biggest and hardest battles of the season. An indication of the close balance of the two teams is shown by the two scoreless ties. The two Harvard games ended with the same scores also.

The following members of the team received letters: Jorgensen, Slader, Aronson, R. Leatzow, DeMato, Hinn, Sproul, Erickson, Bydalek, Nufer, Rosenberg, Beckwith, Nitter, and manager Black.

THE LOWER SCHOOL lightweight team had a new coach this year. This coach was Captain Kauth who led the team into three victories out of six games. DiLorenzo who was captain of the team played fullback and Pagano who was the other outstanding star also played in the backfield. Only one letter man returned for the team to rally round; that was Kartheiser.

In the first game with Algonquin the points were all garnered by Pagano who made long runs for all of them. The whole team worked together and although they were not always matched against teams of the same calibre it was proclaimed by all participants as a successful season.

LOWER SCHOOL HEAVYWEIGHT BASKETBALL—1930-31

Seated—Bydalek, Nufer, Shay.
Standing—Jorgenson, Aronson, Slader.

The Lower School Heavyweight Basketball Record

Coach—Captain Elliott

THE basketball heavies suffered several reverses during the season. The boys couldn't seem to find themselves long enough to win consistently. However, they played a fine grade of basketball, keeping their fighting spirit and never giving up until the final whistle. It looks as if there ought to be material for a good team next year. Some members of the squad who are in the eighth grade are going to be valuable when they get to the Upper School.

The basketball emblems were presented to the following members of the team: Slader, Jorgensen, Shay, Bydalek, Bronson, Hinn. The substitutes were praised for their loyal support and co-operation. They will get their chance next year.

LOWER SCHOOL LIGHTWEIGHT BASKETBALL—1930-31

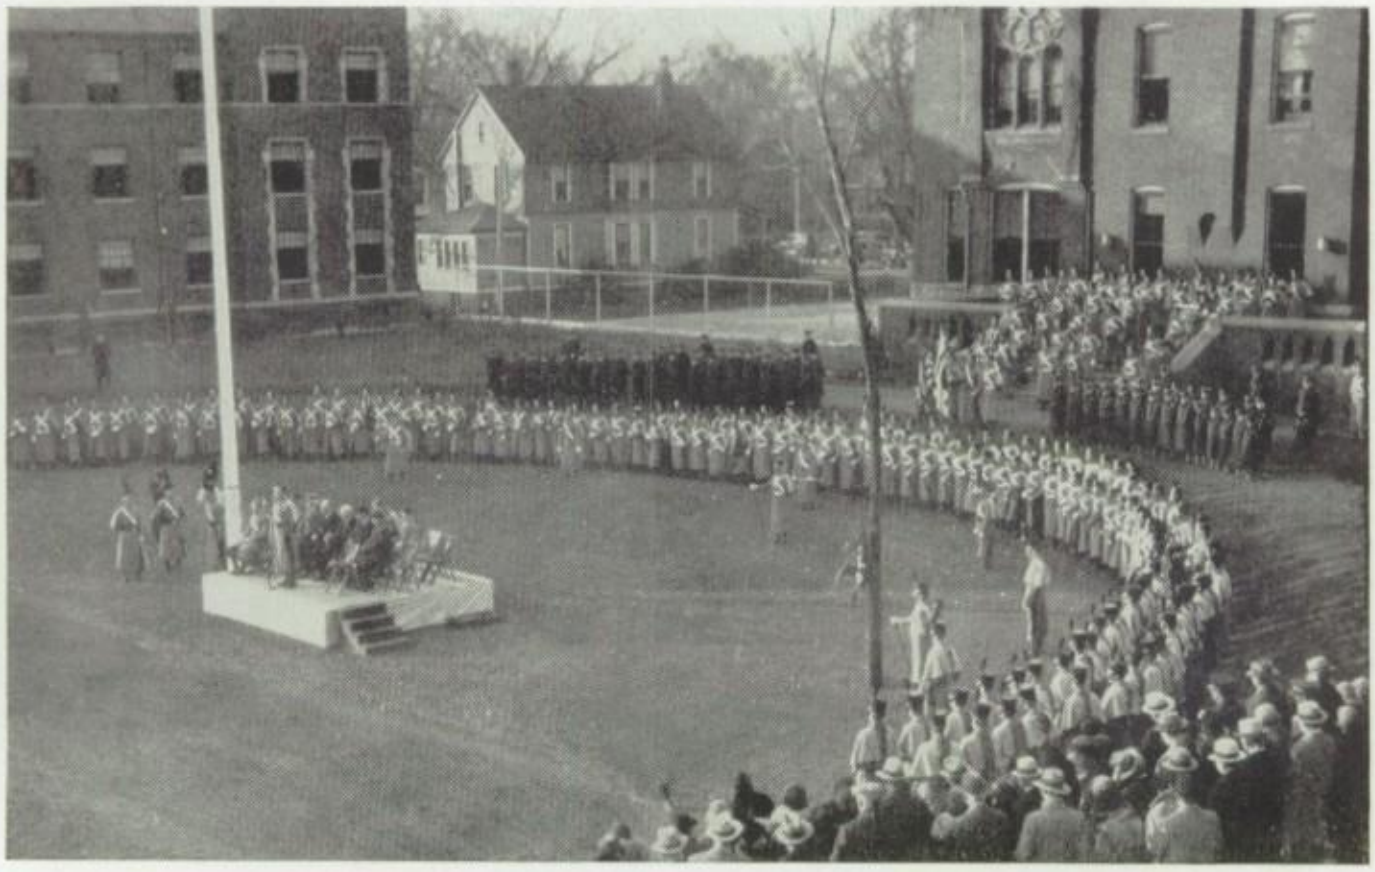
Seated—Evans, Kartheiser, Pagano.
Standing—DiLorenzo, Hinn, R. Leatzow.

The Lower School Lightweight Basketball Record

Coach—Captain Pratt

THE lightweight basketball team had rather an unsuccessful season, losing practically all of its games. Despite so many reverses the boys showed continued improvement in their play and a good team should be had next year.

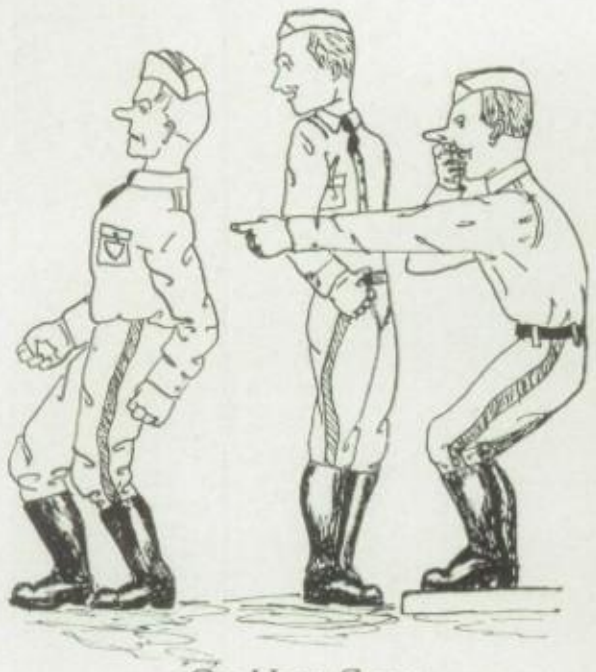
The following members of the Squad were awarded letters: Kartheiser, DiLorenzo, Evans, Robinson, R. Leatzow, Pagano. So much of the Lower School athletics is valuable not alone for its development of skill but also for the creating of fight and pep and the development of school spirit. Here is a team that made a big contribution to school life because it was always trying hard.



CADET LIFE

The Calendar 1930-1931

September, 1930



Oh How Green

9—New Men Arrive. Such eager youngsters. Numerous old men are back to tease those ambitious boys.

10—New Men have tough time getting settled. Old Men help the New around. "Squeaky" comes to reveille with pants on backwards. Captain Dodd gives infamous tests.

11—Old Men find new quarters. What joy in coming back. Alumni present their greeting and warnings at the annual meeting. Shrewsbury (little) is ambitious to become as good as brother Martin. What an ambition!

12—Old grind is resumed. Everybody gets a running start. Football. Eight letter men back. Good prospects in view.

13—New Men start drill with hopes of fine time. Much work and enthusiasm shown. Needn't worry my friends, these illustrious youths will soon learn the little game of drill.

14—Church. Nap had by all. Parents stunned by the proud, dignified manner of their "plebe" sons. And what a gorgeous uniform. Oh my!

15—Cadets assigned to classes. Many "math sharks" in store for Captain Gray.

16—Hoorah. Hoorah. Hoyne Avenue is repaved. At last Dudley can scoot along with his motorcycle in pieces, only to give George Morgan a better chance to make haste on his frequent dates.

17—This year adds new members to our ever increasing list of "The Mexican Student Body." Pedrero and Gonzalez will find it very difficult to pick up "Yankee Slang" but they all learn sooner or later.

New Boy

18—Football and Rifle teams have good beginning at start of season. Bigger and better scores is the present day motto.

19—Classes settle down. All right "you, you get out" replies Captain Gray as Meadows leaves the floor to depart in haste.

20—Football team after hard practice scheduled game with Michigan City. C'mon team, get that old pep, pep, pepper.

21—Captain Driggers announces parade for the following Sunday. Many groans heard but all to no avail.

22—Colonel Abells and Major Bouma change offices. Oh well, just another hangout for "Herb" Reid and "Red" Leatham.

23—Guardian meeting at Alumni Hall. "Jim" Hansen gives his point of view.

24—A new flag pole is erected, to be dedicated on Nov. 2, 1930. The Physics classes of Captain Hirschy witness the hoisting. You

may be sure that the period was thoroughly enjoyed by all.

25—The "Campus Gossip Sheet", edited by Captain Martin Whitcomb Shrewsbury, is finally published.

26—New Men seek Captain Gray for pep meeting tickets. Mess hall in uproar as many rush about for theirs.

27—A tough and bitter defeat was inflicted upon the Heavies by Michigan City High School, the score being 19–0.

29—"Louie's Hungry Five" have nothing on The Lower School Band, newly organized. Their ambition is to play during a Spring Parade.

EQUIPMENT

October, 1930

1—Doctor Yarrow, Secretary of the Illinois Vigilance Society, speaks before the Corps of Cadets.

2—Capt. Hirschy and the "Academy Nighthawks" arrange for a successful season in music. The Classical Club, under Capt. MacIntosh, holds its first meeting.

3—Glee Club try outs meet under the direction of Captain Payne. Much noise heard! Harmony and otherwise.

4—The Heavies stage a comeback and win from Milwaukee High, by a score of 19 to 7.

5—The Lower School has a new fad to "howl" over, as a new "talking Projector" is put in Blake Hall.

6—Capt. Payne, the singing member of our faculty, sings before women admirers at the Congregational Church.

7—Huge work in the field of firearms taken up by Capt. De Grandpre and the cadets.

11—Football teams break even as Lights defeat Pullman 7–0, and Heavies lose to Elgin 19–0. The Harvest Moon Dance. What a dance it was! Hofmann and Elliott appear as a couple of yokels, which is correct! No offense meant (not much).

A SENIOR

14—Corps of cadets undergo physical test under "Doc" Robinson. Only few under physical standard.

15—Chapel speaker of the day is Dr. Hugh McKenzie, Minister of the Morgan Park Congregational Church.

17—Pep meeting held for Wayland. The motto was "Sportsmanship."

18—The second annual "Dad's Day" was held and was a huge success. Lights and Heavies win; 7–6, and 13–7 respectively. Wayland was defeated by the Heavies and Bloom by the Lights. Our blushing toastmaster, Casimir Rutkowski, gives welcome to "Dads" as Mr. Pinkerton, "Dad's" Representative, responds to sons' welcome.

Western Ave.

20—Professor Dorjahn of Northwestern University spoke on the Trojan War. Because of the disorder of the "movie," we Trojans were unable to see our fellow warriors in combat.

21—The Philatelists met under Capt. Kling. Ballroom dancing is organized under the Alfred School of Dancing.

23—School loses faithful and trustworthy friend, when Major Wilde passed away early this morning.

25—Major Wilde was buried today at Fort Wayne, Ind., with military honors.

Heavies win from Northwestern, 6–0, on game of fouls and penalties. Lights attended.

26—The Mechanical Man, known as Televox, was demonstrated by Mr. Wheeler of the Westinghouse Electric Company.
